#### JAPAN SENDS WARSHIPS

BY RODERICK MATHESON.  
(Chicago Tribune Press Service.)  
TOKYO, Jan. 24.—The Japanese navy  
department today announced the de-  
parture of four destroyers for  
Shanghai, following the receipt of word  
that the situation in China was be-  
coming more threatening.

The Japanese press is angrily de-  
manding an explanation of the mis-  
treatment of the Japanese ship, the  
Wakatsuki, which was seized by the  
two opposition parties, Selyuk and  
Selyukhont, to withdraw their mo-  
tion for lack of confidence, which was  
certain of passage.

Think Japan May Intervene.  
Observers agree that only something  
seriously affecting the nation could  
have induced the opposition leaders to  
drop this opportunity to oust the gov-  
ernment, which they have been  
vehemently denouncing as unfit, in-  
competent, and almost despotic.

It is suggested in some quarters that  
the British and American movements  
against China, with the possibility that  
Japan will become involved in a new  
role, possibly to intervene between the  
westerners and the Chinese, may ex-  
plain the sudden, unexpected political  
truce.

If such is the case the government  
has placed in which the public and  
press are being kept in complete  
ignorance.

**DRAMA OF WORLD RIVALRY**  
BY JOHN STEELE.  
(Chicago Tribune Press Service.)  
LONDON, Jan. 24.—There is a drama  
of international rivalry behind the  
organization of the large British ex-  
peditionary force for service in China,  
which goes back to the Washington  
conference and the breaking of the  
old treaty of alliance between Great  
Britain and Japan. Since then Japan,  
which resented bitterly being thrown  
over in favor of the United States, has  
pursued an anti-British policy in the  
far east and has taken advantage of  
every opportunity to assert itself as  
the leading power in the east.

When it became apparent that for-  
eign troops were needed to protect for-  
eigners in China, Japan put in a claim  
for the leadership and command of  
the expeditionary force on the ground that  
it obviously was a position to supply  
the greatest number of troops. This,  
and the desire of Great Britain not to  
be under obligation for the defense  
of its nationals, is the secret of the  
decision to send an adequate force  
of British troops to China.

There are now 15,000 British troops  
either on the way under orders for  
China, and it is reported here that  
more Indian troops have been warned  
to be in readiness for a call.

## EXPECT NORRIS CASE TO GO TO JURY TONIGHT

### Defense Blames Meacham for the Tragedy.

BY PHILIP KINSLEY.  
(Chicago Tribune Press Service.)

Austin, Tex., Jan. 24.—[Special.]—  
Major Henry Clay Meacham of Fort  
Worth, millionaire dry goods mer-  
chant, sent D. E. Chipps to kill the  
Rev. J. Frank Norris on July 17 last,  
the jury in the Norris murder trial  
was told today in the argument of At-  
torney Marvin Simpson for the de-  
fense.

When Chipps failed and was himself  
killed, the attorney declared, the mil-  
lions of Meacham were devoted to put-  
ting Dr. Norris in the electric chair or  
in the penitentiary.

This conspiracy began a few min-  
utes after the tragedy in the Fort  
Worth Baptist church, according to  
Simpson, when the first city policeman  
came into the pastor's study, found  
what was dropped in the ante-room,  
Chipps' revolver, and carried it to the  
street, where he was seen in conversa-  
tion with Meacham a few minutes  
later. This supposed revolver never  
was produced, giving the state its  
greatest argument—that the minister  
has killed an unarmed man.

**Calls Pastor Modern David.**  
Simpson called the pastor the modern  
David who had slain the Goliath of  
Sin, the drunken Chipps, in an act  
approved by God.

"Let your verdict of acquittal ring  
out to the world," he said, "so that  
the preachers and the God-fearing  
people of this nation will know they  
are safe from assassins sent out by  
some rich merchant who wants them  
out of the way."

District Attorney Jess Martin of  
Fort Worth interrupted and said there  
was nothing in the testimony to war-  
rant the statement that the police of-  
ficer, Ford, had picked up "some-  
thing" and then had met Meacham  
on the street. Simpson declared this  
was warranted by the evidence of the  
witness Hinkle.

**Norris Brings Bodyguard.**  
Dr. Norris appeared in court today  
with a bodyguard, Fred Holland, for-  
mer Fort Worth detective, who was  
a defense witness. In addition, church  
members and deputy bailiffs made a  
close formation around the defendant  
as he has been whispered that he might  
be killed if the jury acquits him.

District Attorney Martin and At-  
torney John Shilton, one of the spe-  
cial prosecutors, presented the state  
arguments today and the case is ex-  
pected to go to the jury tomorrow  
evening after Attorney Dayton Moss,  
for the defense, and the chief prose-  
cutor, "Bill" McLean, get through  
talking.

**No Open Season on Drinkers.**  
The state demanded the conviction  
of Dr. Norris on the murder charge.  
"Just because Chipps drank was no  
reason for his life to be taken," said  
Attorney Shilton. "Poor old Chipps

ed to wander about with the car. I  
went back across the lower bridge to  
Lancaster, then to Madison, Wauke-  
gan, Sheboygan, Chicago, Danville, In-  
dianapolis, and then to Asheville, N. C.

"I had to frame up a story for Hat-  
ter's disappearance. So I wrote let-  
ters to her folks telling of how we  
were so happy together.

"I was stumped for a while, but at  
Indianapolis I had a rubber stamp of  
her signature made.

"I made up a love affair for her  
with a man whom I called Mr. St.  
Claire. Of course, there wasn't any  
such man. Finally I had her run away  
with him."

**Letters Made Public.**  
Two of Coffey's letters were made  
public today. The first was written to  
Mrs. Hales' mother in Rockford from  
Asheville, N. C., on Oct. 27, 1928, which  
was just two weeks after Coffey had  
slain Mrs. Hales. It follows:

"Dear mother, I'll bridge and en-  
tire family:  
"We arrived in Asheville at 4  
o'clock this afternoon. Immediately  
Billy got busy and found a type-  
writer. On arriving at Chicago from  
Asheville, he was met by my sister  
and her mother. He is a most charming  
little fellow.

"Billy spent \$500 on me just for  
clothes. My reception dress was of ex-  
pensive material modestly made up  
with modest low neck, and as Billy  
called it, reasonable sleeveless.  
"Mr. St. Claire called me a fairy  
queen. I have never known a more  
kindly, and most handsome man I  
have ever known. While Billy does  
not know it, I have looked for him  
every minute since we arrived in As-  
heville. I know he will come.

"He did not return to Rockford  
simply because Mr. St. Claire told me  
that the weather reports predicted  
heavy rains and storms for the south  
and we wanted to get through the  
mountains before the rain.

"With love to all, and Jack.

"Mrs. Wm. N. Coffey."

**A Boding Romance.**  
Another letter, dated a week later,  
relates the budding of the woman's

I was so proud of him I could almost  
burst. Every person there came to  
me and complimented my husband.  
Mr. St. Claire, a dear friend of Billy's,  
introduced me to everybody. He  
simply stole me from Billy. He just  
wouldn't leave me a second. He  
began to write to him.

"After the reception Mr. and Mrs.  
Turner, Billy and myself with Mr.  
St. Claire boarded the late train for  
Detroit. Before 8 o'clock the next day,  
p. m., the house transaction was  
closed, and I had a bank draft for  
forty-five thousand dollars more.

"Again Billy and I with Mr. St.  
Claire boarded the train for Chicago.  
While Billy was busy with some af-  
fairs, Mr. St. Claire took me for a  
car ride, during which time I ex-  
pressed a suit case of a few things to  
you. Mr. St. Claire did not return  
and to Billy and Billy Boy became  
very much alarmed, but I guess Billy  
Boy will have to get used to that.

**Letter Tells of Jewels.**  
"The treasure box of which Billy  
has spoken contains a selection of the  
most wonderful and most beautiful  
gems I ever saw in all my life. I  
wore a necklace of pearls, genuine  
pearls, and emeralds, a chain of char-  
ming beauty, my bracelet was yellow  
gold set with half-harat diamond. My  
new gray wig looked well with a comb,  
a half-moon set with pure pearls, and  
half karat diamond in center. Billy  
kissed me and said, 'The one I  
sleep with is a dream girl.'

"Billy asked me if I would sell our  
Detroit home to the Turners. I an-  
swered yes if we can get our price  
for it. We retired to a private little  
room and figured up what the place  
cost Billy, which amounted to \$40,000.  
We decided to ask them \$50,000, and  
did so. Without saying a word to the  
contrary, Mr. Turner took out his  
checkbook and wrote a check to Billy  
for five thousand dollars. Billy gave  
him a receipt for it, then informed it  
that I ever heard. He is a clever  
man. This house money is yours, dear."

**Billy Made a Speech.**  
"At 9 o'clock we all went to the  
banquet and reception. We were the  
guests of honor. They served a five  
course chicken dinner, Negro waiters  
and all, to one hundred and fifty-two.  
Billy was called on for a talk. If  
I do say it myself, it was the best  
talk I ever heard. He is a clever  
man, he simply brought down the house.

and all he did was step on a "sig-  
ner's" foot and take a drink of whiskey.  
There is no open season on drunk-  
ards in Texas, not yet.

"On the testimony of Norris, L. H.  
Nutt and Miss Jane Harvett, Norris  
is guilty of murder. Chipps intended  
to leave that office without doing an  
injury. This monster saw a chance for  
future publicity. He tried to get Chipps  
to do some act for what he could kill  
him and escape. If Mrs. Roxie Parker  
spoke the truth, the one verdict in  
this case is death.

"Men don't reach for guns they  
haven't got. Norris seeks acquittal  
through a trial of suborned perjury  
that ought to astonish the world."

**Both Sides Cry Perjury.**  
Both sides truly accused each  
other of putting liars on the witness  
stand.

## SENATE REJECTS WOODS FOR I. C. C. POST, 28 TO 49

(Chicago Tribune Press Service.)  
Washington, D. C., Jan. 24.—[Spe-  
cial.]—President Coolidge encountered  
a rebuff today  
when the senate,  
by a vote of 28 to  
49, refused to con-  
firm the appoint-  
ment of Cyrus E.  
Woods, former  
minister to Japan,  
for membership on  
the interstate com-  
merce commis-  
sion. The action  
followed several  
days of debate in  
executive session.  
While most of the  
Democrats are un-  
derstood to be  
opposed to the ap-  
pointment of Mr.  
Woods, the con-  
firmation of the  
nomination, the  
controversy was more  
sectional than partisan in its character.  
Senator Reed (Rep., Pa.) was the  
chief defender of Mr. Woods, whose  
home is in Pennsylvania and whose  
former connections with the Pitts-  
burgh Coal company, a petitioner in  
the pending lake cargo coal case be-  
fore the interstate commerce commis-  
sion, was the chief ground for the  
fight made against him. Both Repub-  
licans and Democrats from West Vir-  
ginia, Virginia, Tennessee, and Ken-  
tucky, the states arrayed against Pen-  
sylvania in the lake cargo coal case,  
opposed the confirmation.  
Mr. Woods also was under fire be-  
cause of his admissions before the sen-  
ate committee on interstate commerce  
that he holds more than \$200,000 in  
securities of railroad and coal com-  
panies besides having represented vari-  
ous corporations as an attorney.  
The vote was more decisive than had  
been anticipated. The insurgent Re-  
publican group lined up solidly against  
Mr. Woods.

**Can't Keep Promises.**  
"Billy does not know he is in town.  
When I married Billy I promised that  
I would be true to him and his love,  
but since meeting this other man I  
simply can't keep my pledge.  
"Billy has given me almost every-  
thing he had in this world. All of  
those bonds, all the money from the  
Detroit home, all the jewels except a  
few small ones, and all the love of  
his heart. He has never given me a  
cross word, is kindly, loving, and  
very ambitious. But somehow I do  
not love him like I love this new and  
wonderful Chicago man.  
"What is a woman to do under such  
circumstances? I am going to try  
to persuade Mr. St. Claire to go away  
and let Billy find out that he is  
here. Billy and I are leaving for the  
interior of the mountains tomorrow to  
be gone perhaps two or three weeks.  
He is working faithfully on his book,  
but somehow I cannot get interested  
in it.  
"Write me here at Asheville, as we  
do not know what our next mail ad-  
dress will be.  
"Please do not let Jerry or your  
Billy see this letter. I am ever yours,  
HARRIS."

**Mrs. Wm. N. Coffey.**  
The third letter, already published,  
told of Mrs. Hales' "elopement" with  
"St. Claire."

Today Coffey confessed they were  
fiction entirely.

## POPE DISSOLVES BOY SCOUTS, HIT BY DUCE'S DECREE

Tries to Avoid Trouble for  
Mussolini.

ROME, Jan. 24.—(U.P.)—Pope Pius XI today sent a letter to Cardinal Gasparri, papal secretary of state, dissolving all Catholic Boy Scout organizations in Italy under 20,000 population. This step is regarded as a climax to the new issue between the church and the state over the question of Fascism's claim to the right to monopolize the education of Italian youth, which was revealed after the pope's recent encyclical.

The pope's unusual step is taken, he explains, in a letter printed by the Observatore Romano, the Vatican newspaper, as a protest against similar action recently carried out by the Fascist government. Rather than have the state destroy these religious organizations, the pontiff says, the Holy See itself will destroy them.

As justification for this decision, his holiness recalls King David's declaration to the Almighty, as set forth in the Bible: "If we must die, let it be by your hand rather than by the hand of man."

"Not Trying to Weaken Mussolini." In the course of his letter the pope says: "We are willing to admit, and highly appreciate, the intention of the government's recent action not to injure the divine prerogatives of the holy church and the spiritual rights of such Catholic people as the Italians, but we must point out that this action does not achieve its aim."

"We will also make clear that in taking this we do not desire to create difficulties for the government of the country or to weaken its prestige or force, but we intend to free ourselves of the gravest responsibilities before God and mankind. We believe that in so doing we cooperate to the mutual advantage of all. If our purpose is well understood, otherwise your silence might easily be interpreted as our agreement in the government's action."

**Autonomy for Other Scouts.** The pope explains that the project he planned by the government is not in accord with the Catholic doctrine, and he does not desire that his decision to dissolve the Catholic Boy Scouts shall be interpreted as having been inspired by animosity or made as a reward. He was truly inspired, he goes on, by the desire to spare others from being placed in a position of having the responsibility of destroying so many units of Catholic youth.

With regard to Boy Scout organizations in cities of more than 20,000 population, who are not affected by the government's decree, the pope grants complete autonomy and freedom of action, whereby the local leaders are empowered either to continue the existence of the organizations or disband them, as they see fit.

Pope Pius emphasizes the fact that "Catholic Action," the national organization, embracing all Catholic social and religious activities, of which the Boy Scouts are a part, maintains itself entirely above and beyond all political parties, while the "National Ballia," the Fascist youth organization, "although declared to be national, is undoubtedly with the current of a political party, which is shown by its rules, regulations, and activities."

**CLEAR SITE FOR  
NEW 34 STORY  
MEDINAH CLUB**

Workmen yesterday began clearing the site for the new Medinah Athletic Club building at the corner of Michigan and Illinois streets.

Anticipated just across the way from the Tribune Tower, a big story building will arise shortly to join the old structure north of the lake. When completed it will be the largest building in the city, and will be the largest building in the world.

In addition to lounges and all modern recreational and athletic equipment will be provided for members. The new membership offered for 1927 is announced that 2,350 have been secured.

## OUTER DRIVE TO PASS OVER STREETS

Model of plan of D. H. Jackson, president of the Lincoln park board, for junctions of the outer drive, now under construction, with important north side streets. The first of these junctions is to be established at Montrose avenue. Others will be placed at Irving Park boulevard, Wilson, Argyle, and Foster avenues. No other streets intersect the drive, thus assuring an uninterrupted stretch of driveway.

## OPEN DRIVE FOR \$1,250,000 TO AID CHILDBIRTH

**Rockefeller May Duplicate Fund.**

BY KATHLEEN McLAUGHLIN.

(Picture on back page.) Ten years ago it cost America thousands of lives to "help make the world safe for democracy."

Yesterday afternoon at the Studebaker theater several hundred Chicago women, going into a drive to raise \$1,250,000 under the leadership of Mrs. Kellogg Fairbank, paused to take note of the hundreds of thousands of lives it has cost to awaken recognition of the necessity of making childbirth safer for mothers and babies.

**Deplores Little Progress.** Dr. Joseph E. DeLee, founder of the Chicago Lying-In hospital, impressed upon their consciousness, "all the progress we have made in a medical way has been only a small dent in the towering cliff of ignorance and inefficiency in obstetrics."

"Thirty years ago, and for decades beyond that, 20,000 women and 100,000 babies lost their lives each year during childbirth, due mainly to inadequate care."

Amidst the Chicago Lying-In hospital, which was founded thirty-one years ago, with the University of Chicago, has just been announced. It was to explain the plans and details of the affiliation that yesterday's meeting was called by Mrs. Fairbank, who for eighteen years has been president of the board of directors of the hospital.

To erect a new hospital on a site provided by the university, the drive for funds has been inaugurated. For each dollar raised in Chicago, Mrs. Fairbank said, a pledge of another dollar has been made by an "out of town organization," by which it was understood she referred to the Rockefeller Foundation.

**President Vincent Here.** George E. Vincent, president of the foundation, a former Chicagoan, came from New York expressly to aid in the launching of the drive, for which headquarters have been opened at 333 North Michigan avenue.

Already, and with little or no solicitation, a total of \$31,500 in contributions has been received at these offices, Mrs. Fairbank announced. Active solicitation of about 4,000 persons for further gifts will be begun next week.

As outlined by Mrs. Fairbank, by President Mac Mason of the University of Chicago, who was enthusiastic over the field of work the new connection opens up for the university, by Mr. Vincent, and by Mayor Devor, prospects for the new hospital center's work do not end at the city limits of Chicago, but may extend to a world-wide influence.

Each of the speakers forecast the

## No Grade Crossings

The finished model for the graded intersection of Montrose avenue with the extension of the Lincoln park outer drive to be completed that far next summer was placed on exhibition yesterday in the Lincoln park administration building.

President David H. Jackson of the board, the originator of the scheme, points out that under the plan the outer drive will pass over Montrose avenue, leaving a fourteen foot clearance. Cars may pass from one level to the other on the lanes which loop the corners by making right turns only.

Similar intersections are proposed for other junctions along the new drive, at Irving Park boulevard, Wilson, Argyle, and Foster avenues. There will be no other intersections and the new stretch will be uninterrupted.

Photographic copies of the scheme are being made to be distributed among road building organizations. It is Mr. Jackson's hope that this type of crossing will be introduced on country highways. Later business development at the spacious corners, will justify the expense involved in the purchase of the extra land, he believes.

future of the new hospital in glowing terms. Mr. Vincent stressing particularly the advantages it will provide for medical research, for the training of students and nurses, and for the excellent facilities that will be available for care of obstetrical cases.

**UNIFORM CODE  
FOR BOUL MICH  
TO BE DISCUSSED**

Uniformity of codes for the regulation of Michigan avenue, said to be the only famous street in the world governed by three municipal bodies, will be discussed at a luncheon of city, Lincoln and south park officials today.

The luncheon, sponsored by the executive committee of the Michigan Avenue association, is to be held at Mallard's restaurant in the Struss building at 1230 S. Dearborn.

Among those invited are Mayor Devor, Edward J. Kelly, and David H. Jackson. R. B. Updean, head of the association, will preside.

SALFORD, England, Jan. 24.—(U.P.)—Trying to light a cigaret in a high wind, George McWhirter set fire to his luxuriant red beard. His wife, too frightened to notice that McWhirter had quickly extinguished the blaze with his hands, turned in a fire alarm.

Six fire engines, forty firemen, and twenty-five policemen responded. They angrily offered McWhirter the option of paying a \$35 fine for turning in a false alarm or permitting them to officially "smoke" the whiskers with fire extinguishers. McWhirter is Scotch.

**George Findlay Victim

(Picture on back page.) George Findlay, 75 years old, president of the Lake Forest Trust and Savings bank and manager of the Capital Reservations Lands company, 208 South La Salle street, died yesterday at the Presbyterian hospital of injuries received Friday when he was struck by an automobile while on his way to his office in the loop.

William Walsh, 6824 West 30th place, was the driver of the automobile which struck Mr. Findlay. The accident occurred at Monroe and Wells streets. Mr. Findlay was a trustee of Lake Forest college and a member of the Union League club. He is survived by a widow, Mrs. Anna A. Findlay, and a son, James A. Findlay. Funeral arrangements will be announced later.

**Toll Is Raised to 50.** This death and one other raised the 1927 auto toll in Cook county to 50.

Alfreda Smith, colored, 7 years old, 4512 Calumet avenue, was fatally injured when she was knocked down by a taxicab at Calumet avenue and 47th street. Harry Johnson, colored, 6310 South Michigan boulevard, driver of the car, was arrested.

**Girl Asks \$20,000 Damages.** Suit for \$20,000 for injuries suffered in an unique accident was started yesterday before Judge Hugo Pam by Miss Anne G. Chris, of Abbottsford, Wis.

While riding in a motor coach of the Midwest Motor Coach company, in August, 1925, the coach scraped against another automobile and one of her arms, lying on a window sill, was cut off.

## HEAR BROWNING CASE IN SECRET, BOTH SIDES PLEAD

Judge to Act on Motion  
Later; Trial Opens.

(Picture on back page.)

Carmel, N. Y., Jan. 24.—(Special.)—This town got only a glimpse of the Browning separation trial today. After two witnesses had made out a technical case of desertion for Edward West Browning against his 16 year old wife, Frances Heenan (Peaches) Browning, the case was adjourned until tomorrow at White Plains. There Mrs. Browning's attorney will make her answer and join with it her suit for separation and alimony.

There is a possibility that the case never may be heard publicly and that all that will be known of what Browning did with his youthful wife may be made her run away from him will be the leakage from the court room. For attorneys for both sides today joined in a plea that the public and the press be barred from the trial.

**Delays His Decision.**

Justice A. E. F. Seeger took the motion made with him for settlement tomorrow morning. He gave no indication as to what he would do except to remark dryly that neither side so far had seemed to shrink from publicity. Carmel was on tiptoes for its glimpses of the principals in the case. When Browning drove up in front of the courthouse in his robin's egg blue Rolls-Royce his attorneys were waiting for him, and back of them all the people in Carmel who had not been able to crowd into the small courtroom upstairs. Browning stepped out smiling and posed for the photographers. He entered the courtroom with Attorney John W. Mack of Poughkeepsie, Francis C. Dale, and four other lawyers.

**Peaches Hurries to Court.** Soon after he arrived a smaller car drove up with "Peaches" Browning in it, accompanied by her mother and her counsel, Henry Epstein, a quiet, soft spoken man who brought all the dignity he could to the defense of his client. He turned the youthful Mrs. Browning into the courtroom.

Edward P. Carney, Browning's chauffeur, testified to "Peaches" and her mother packing their things at New Garden, L. I., his driving them away, and their telling him that they never were coming back.

John P. Goodman, Browning's secretary, told of listening in on a telephone conversation when Browning asked his wife to go to the theater with him, and she told him she wasn't coming back. That ended Browning's case.

(Chicago Tribune Press Service.) Washington, D. C., Jan. 24.—(Special.)—Attorneys for Charlie Chaplin asked the internal revenue bureau today to lift its income tax liens on their client's bank funds as the comedian will be enabled to return to California and fight the divorce suit filed by his wife.

Charles Swartz and Isaac Siegel, the Chaplin attorneys, announced after conferences with government officials, that they had come prepared to post bonds to release the liens levied to obtain payment of alleged back taxes and penalties which amount to more than \$1,000,000.

**Will Fight Receivership.** Los Angeles, Cal., Jan. 24.—(Special.)—Posting of the \$1,000,000 bond, which has been demanded in cash or collateral by Los Angeles County Superior court, was promised by Chaplin's representatives today so that the receivership can be lifted from the Chaplin Studio, Inc.

Chaplin's lawyer, Lloyd Wright, insisted, however, that Mrs. Lita Grey Chaplin, who has tied up the actor's property, will not benefit from the situation.

## SCHOOL BUDGET IS \$76,860,278; NO PAY BOOST

Teachers and Principals  
Again in Conflict.

After inspecting budget items for nine hours, the school board, meeting as a committee of the whole, early last night set the tentative limit to its 1927 expenditures at \$76,860,278. Official approval is expected at the board meeting tomorrow.

Although setting aside two hours to hear conflicting arguments of principals and teachers in their dispute over the proposed wage increase, no action was taken. It is a long date, the rule is granted, Chairman Charles T. Byrne of the finance committee announced that a separate appropriation will be made.

### What Figures Show

A decrease in the building fund allotment over last year of \$4,900,000 compensates for an increase in the other departments so that the total for 1927 is less by \$2,715,536 than 1926. Reduced to an accounting by funds yesterday's mathematics show:

| Fund       | 1926         | 1927         | Diff.       |
|------------|--------------|--------------|-------------|
| Board      | \$43,100,000 | \$43,440,000 | \$340,000   |
| Building   | \$5,500,000  | \$1,500,000  | \$4,000,000 |
| Teachers   | \$78,000     | \$90,000     | \$12,000    |
| Play       | \$20,000     | \$20,000     | \$0         |
| Principals | \$20,000     | \$20,000     | \$0         |
| Teachers   | \$20,000     | \$20,000     | \$0         |
| Principals | \$20,000     | \$20,000     | \$0         |
| Total      | \$78,875,000 | \$76,860,278 | \$2,715,536 |

The reduction in the building fund means, according to Nelson Henry, secretary of the board's finance committee, that during 1926 the surplus of 1925 was largely consumed. He declared, however, that the board will have all the money for building purposes that it can spend this year.

The routine of budget procedure was interrupted by the battle pitched between teachers and principals. The salary schedule proposed by Supt. McAndrew, president of the teachers' union, was opposed by the principals.

Mr. Pope said that the teacher during the first five years of service, who would lose somewhat under the schedule, is not seasoned and does not deserve a larger bounty.

"The man who is committed to continuing in the educational work and is longest in the service deserves the reward," Mr. Pope contended.

"Democracy is built on education. Looking at it that way, we ought to do in this matter what's right and provide funds afterward," he added, urging immediate action.

Deserving of Increase.

D. J. Beebe, president of the Principals' club, arguing for the increase to the principals, listed seven developments in the educational field which principals have had to cope with.

Their increased salaries has not, however, he said, been rewarded with financial compensation.

Continuing the plan that the principals be granted the rate, the principal of the teachers, Don C. Rogers, special secretary of the Principals' club, said that an appropriation of \$300,000 would satisfy the principals and would not overwhelm the board. Principals are living on a 1914 basis, Mr. Rogers said.

Three district superintendents, William E. Tover, J. J. Zuercher, and William Hedges, asked that their salaries be boosted from \$8,500 to \$9,000.

Opposed by Miss Haley.

Vigorous opposition to the proposal of raising principals' salaries was made to the salary schedule in general was registered by Margaret Haley, business agent for the Chicago Teachers' Federation.

She argued that the \$400,000 which had been saved by increasing the number of pupils to the teacher was being turned over to the principals, the teacher suffering the burden.

Always, she went on, pay increases have been given to small groups merely because the appropriation could be made without "burdening the school board." Because an increase to a large group, the teachers, would burden the board, they have been ignored.

The proposal was called, "ill-timed and unadvised."

## NO WORD RECEIVED FROM 3 IN ICE BOUND TUG FOR THREE DAYS

Michigan City, Ind., Jan. 24.—(AP)—Three fishermen, marooned for several days in a small tug in an ice field about a mile and a half out in Lake Michigan off the shore of Grand Beach, near here, tonight were cut off from the outside world and no effort will be made to rescue them before tomorrow. No word has been received from the men since Saturday.

Last Saturday they were visited by three members of the coast guard who narrowly escaped drowning and delivered one day's supply of food to the men in expectation that the tug would be brought to shore before Saturday night.

Today, however, the ice field around the tug had broken up to such an extent that the men could not be reached although the boat itself still was held fast and it may be necessary to bring a steel propped ship from Chicago to break up the ice and rescue the fishermen.

The three men who are marooned are Frank Jensen, Harvey Freyer and Joe Vankink.

## SCHOLES NAMES HOUSE CHAIRMEN OF COMMITTEES

Show Few Changes of  
Importance.

BY PARKE BROWN.

Springfield, Ill., Jan. 24.—Announcement by Speaker Robert Scholes of the list of committees he will appoint tomorrow showed few changes of general interest.

The chairmanship of industrial affairs, held last session by Charles W. Laporte, the biggest vacancy, goes to W. C. Chynoweth of Decatur. Rollo R. Robbins of Augusta will head the new committee on motor vehicles and traffic regulation. David L. Swanson will continue as chairman of the judicial committee and Thomas Curran as chairman of the committee on appropriations.

Committee Chairmen.

The complete list of chairmen as it stands tonight follows:

Agriculture, Charles M. Turner, Waukegan; appropriations, Thomas Curran, Chicago; banks, banking, and building and loan associations, Michael R. Durso, Chicago; charities and corrections, Ed P. Petri, Belleville; civil service, John Robert Moore, Kewanee; congressional apportionment, Charles E. Martinier, Chicago; contingent expenses, Hugh M. Luckey, Potomac; education, William F. Weiss, Waukegan; efficiency and economy, Claude L. Raw, Harrisburg; elections, Abraham L. Standfield, Paris; enrolling and engraving, Peter S. Krump, Chicago.

Farm drainage, Henry C. Allen, Lyons; fish and game, James A. Reeves, Champaign; industrial affairs, W. C. Chynoweth, Decatur; insurance, G. J. Johnson, Paxton; judicial apportionment, Frank A. McCarthy, Elgin; judicial department and practice, Elmer J. Schnackenberg, Chicago; judiciary, David L. Swanson, Chicago; houses and municipalities, Leroy M. Green, Rockford; military affairs, John M. Peffer, Aurora; motor vehicles and traffic regulations, Rollo R. Robbins, Augusta; municipalities, Sydney Levy, Chicago.

Public utilities and transportation, R. G. Soderstrom, Streator; rights of the minority, Michael L. Igo, Chicago; revenue, A. L. Huston, Colfax; roads and bridges, A. Otis Arnold, Quincy; rules, the speaker; senatorial apportionment, Ralph H. Hoar, Elgin; to visit of charitable institutions, James E. Foster, Macomb; to visit educational institutions, H. D. Sparks, Shelbyville; to

visit penal institutions, Robert White, Schenck, Chicago; uniform laws, Carl By, Carlinville; uniform laws, Frederick J. Bippus, Chicago; Republican floor leader and chairman of the steering committee, Reed Oster, Lewis town.

Works on Membership.

Speaker Scholes is still working on the memberships of some of the committees tonight.

The senate committees probably will be ready tomorrow afternoon. The most important vacancy, the chairmanship of the executive committee, formerly held by Frederick B. Root of Cook county, is to go to Senator William D. Jewell of Lawton.

## OTTAWA CANNON BOOM WELCOME FOR U. S. FLYERS

400 Mile Jump Covered Without Incident.

(Picture on back page.)

OTTAWA, Ont., Jan. 24.—With the boom of the cannon and cheers of crowds on Parliament Hill the Canadian capital today responded to the spirit which prompted the "good will invasion" of twelve pursuit planes of the crack squadron of the United States army.

The friendly invasion of the capital was accomplished in exactly three hours.

The flight was accomplished without accident or hitch of any kind, and as the machines circled Parliament Hill, they swung gracefully into formation of three, the motors roaring in tremendous unison. After circling several times over Rideau hall, the mist and other buildings, the formation was broken and one by one, headed by the pilot major, they "took the show," and glided forward toward the waiting crowd.

**Fly 133 Miles An Hour.**  
The average rate accomplished was 133 miles an hour. The Douglas supply plane was, however, detained at Camp Borden to take on fuel.

A large crowd covered the ice in front of Ketchum's boat house, and a wild cheer broke forth when the rear of the propellers became audible, and the planes showed through the haze.

The governor general watched the arrival from the escarpment above, while officers of the flying force and the military headquarters staff were present to greet the American visitors on the ice.

**Visibility Was Poor.**  
"We had a most satisfactory flight," said Pilot Major Lamphear. "We traveled at an average height of about 1,000 feet, the visibility being poor, and the last place I recognized from the map was Lindsay. After that we had no trouble closing up when we got in sight of Ottawa. It was a most successful test, and we are highly satisfied."

The majority of the flyers are young, with clear eyes and complexions made more ruddy by the long flight in the cold.

"We had a good time coming up," said one, who, however, shivered as he spoke, in spite of his heavily padded, ungainly uniform. "There were no real ducks in the squadron, and we came along as nicely as possible."

## U. S. AIRMEN IN CANADA

The twelve United States "good will" planes invading Canada arrived at Ottawa yesterday after a 400 mile flight without incident from Detroit. The planes will leave for Montreal, 100 miles distant, today, and tomorrow they will fly 225 miles to Buffalo. They will return Thursday to Michigan.

## Damaged Plane Safe.

BARRANQUILLA, Colombia, Jan. 24.—(U. P.)—Two planes of the United States army's Pan-American flight squadron departed at 8:50 a. m. today for Girardot, the flyers' objective. The planes were the San Francisco and the Detroit.

Three planes of the squadron were late here today after a rough journey from France field, Panama, during which the amphibian St. Louis was forced down south of the Gulf of Darien.

"The St. Louis alighted on the open sea in high rollers," Maj. H. A. Dargue, flight commander, said today. "We dropped a message and, seeing that her personnel was safe, we came on because of the danger to our planes if we had alighted. The St. Louis got the water cleaned out of her gas line and took off, arriving here an hour behind us."

The appeals court was fined 1 franc (about 4 cents) damages, and costs.

## LLOYD GEORGE RULES LIBERALS WITH 10 MILLION

Huge Sum Raised by Sale of Titles to the Rich.

BY JOHN STEELE.

(Chicago Tribune Press Service.)  
LONDON, Jan. 24.—The split in the Liberal party is now definite. The group led by Lord Oxford and Lord Grey has broken by itself, leaving David Lloyd George in command of the official party organization and still in command of his immense party fund, which is estimated at about £2,000,000 (\$10,000,000).

The origin of the fund is interesting in view of the recent outcry in the United States against the use of such funds in the United States. Lloyd George, however, is a member of the British party and is similarly raised.

**Source of Money.**  
In 1916, when Mr. Lloyd George turned out Lord Oxford and Asquith and formed a coalition government, a number of wealthy patriotic men who wished to see this form of government continue with Mr. Lloyd George at the head, got together and subscribed accounts in some cases as high as £100,000 (\$500,000), to form the nucleus of a party fund.

Among the original subscribers are reported to be Lord Astor, Sir Alfred Mond, Lord Leverhulme, Lord Aberconway, Sir John Ellerman, Lord Rothemann, and many others. These men got nothing, not even honors, as they had them already. Other men not so rich, like the Geddes brothers, contributed work and time, which they would have been much more profitable to them if applied to money making, and a new machine was built up.

**Some Backers Now Ties.**  
Somewhat ironical, most of the men who contributed to this fund, which now is in the hands of the Liberal party, now are Conservatives.

Every party in England must have such a fund, as nearly all the candidates in parliament are financed by the national headquarters. The expenditure of the candidates is strictly by law, and in the last election the average expenditure for 615 seats was \$645 (\$5,225). The highest expenditure was £1,479 (\$7,593).

The fund always are held by one individual, usually the chief whip of the party, who makes no account. The list of contributors never is made public. It is common knowledge that, although in the nature of the case there can be no legal evidence, all party funds except the Laborites are replenished by sale of honors. That is, a rich man who contributes generously to party funds gets a peerage or a knighthood. In some cases he would have gotten them anyway, but perhaps not so soon.

**David Thorne a Penny.**  
There is no doubt that the Lloyd

## TRIBUNE WILL HELP AS USUAL WITH THE INCOME TAX PAPERS

As in past years, THE TRIBUNE public service office is ready to aid the public in preparation of income tax returns.

Two deputy collectors of internal revenue have been assigned to the office, which is at 1 South Dearborn street, and THE TRIBUNE has engaged the services of an additional income tax specialist. The government men will be in the office between Feb. 1 and March 15, when the rush is in progress.

For those who desire to have their tax affairs settled at once the office has its regular staff ready to give service now. Individuals may call at their convenience and fill out forms at any time during the business day. An ample supply of forms is on hand, and ten notaries on the staff are ready to add the necessary official stamps, in addition to offering such advice as may be requested.

Help with income tax is only one of the many services offered to the public. Information on travel routes, train schedules, and automobile tours is given, and thousands of maps and pamphlets are distributed annually. The number of requests attended to last year was approximately a million.

George fund was built up like all the rest. A few years ago there was such a scandal over this sale of honors that the market was much restricted. A few years ago Mr. Lloyd George invested \$500,000 (\$2,500,000) of the fund, which then was estimated at \$1,000,000 (\$5,000,000) in stock in the London Daily Chronicle. A few weeks ago he sold the interest for \$1,000,000 (\$5,000,000).

He is now in a position through his control of the fund to dictate the nominations of Liberal candidates in nearly all the constituencies. For all practical purposes the money is his to dispose of as he pleases. For the convenience of administration, it is managed by five trustees, appointed by and removable by him.

## DEMOCRATS ASK TAX CUT BEFORE END OF SESSION

Washington, D. C., Jan. 24.—(Special.)—Reduction of taxes before the close of the present session of congress, was demanded in the house today by Representative Finis J. Garrett (Dem., Tenn.), minority leader.

A petition for the discharge of the ways and means committee from further consideration of the Garner tax reduction bill was placed on the speaker's table by Mr. Garrett who invited both Democrats and Republicans to sign it.

Mr. Garrett announced late in the day that 177 members, of whom 174 were Democrats, had signed.

Representative Mills (Rep., N. Y.) described the Garrett move as a "political gesture." He pointed out that the Garner bill, which reduces the tax on admissions, automobiles, club dues and sales on produce exchanges, is in effect a general revision of the revenue law and said that there was not sufficient time remaining in the present term for the consideration of a comprehensive measure.

Questioned by Representative Garner (Dem., Tex.) as to whether the Republicans propose to reduce taxes next year in advance of the presidential election, Mr. Mills admitted that a reduction probably would be possible at that time.

## CHURCHES FORCE AIRING OF MEXICO ROW BY SENATE

Robinson Resolution Will Be Taken Up Today.

BY ARTHUR SEARS HENNING.

(Chicago Tribune Staff Writer.)

Washington, D. C., Jan. 23.—(Special.)—The whole question of American relations with Mexico growing out of the alien land law controversy and the Nicaraguan incident is to receive an airing in the senate, beginning tomorrow.

By unanimous consent, the senate today decided to take up tomorrow afternoon the resolution of Senator Robinson (Ark., Democrat) leader of the senate, declaring the controversy relating to the confiscation of American property rights in Mexico should be submitted to arbitration.

Culmination of Church Drive.

This is the culmination of the drive organized by the Protestant church organizations in this country to force the administration to abandon the policy represented by the threat of President Coolidge to withdraw recognition of the Mexican government if American properties should be confiscated, and to declare, instead, in favor of arbitration.

This is also the subject of President Coolidge's message, who particularly fears the effect of a withdrawal of recognition and who put forward the arbitration suggestion, without actually involving it, at a conference he had with a delegation of Protestant churchmen from the United States.

The administration has shown signs of wavering in the face of this propaganda. The day last week that Senator Robinson introduced his resolution Secretary of State Kellogg rushed into print with a statement that he is considering the application of the principles of arbitration to the controversy with Mexico. A few days later President Coolidge took the position that it would not be helpful to discuss arbitration at this time and expressed surprise that there could be two sides to the question of confiscating American properties without compensation.

What U. S. Will Arbitrate.

From administration sources comes an explanation reconciling the expressed views of the President and Secretary Kellogg. It is to the effect that the American government is unwilling to submit to arbitration the right of Mexico to confiscate American property without compensation but is willing to arbitrate the amount of compensation to be rendered.

The object of the Protestant church drive, however, is to bring from the administration consent to arbitrate the whole question, including the right of the Mexican government to confiscate American properties acquired prior to the adoption of the 1917 constitution.

## MADDEN ASKS U. S. TO O. K. NEW OFFER FOR SHOALS POWER

Washington, D. C., Jan. 24.—(Special.)—Approval of an offer by the American Cyanamid company to take over the power and nitrate plants at Muscle Shoals under conditions held to be more advantageous to the government than the Henry Ford offer is provided in a bill introduced in the house today by Representative Madden (Rep., Ill.).

The offer of the Associated Southern Power companies, as approved by the joint congressional committee headed by Senator Deneen (Rep., Ill.), is not satisfactory, according to Mr. Madden.

"I do not believe that the power companies offer fulfills the purposes of congress as declared in the national defense act of 1918, which provided for the production of nitrates needed for war and for fertilizers in times of peace," Mr. Madden said.

"The joint committee exceeded its authority, and I cannot support its recommendations."

prohibiting aliens to own property in Mexico. The Robinson resolution as amended by the senate foreign relations committee follows:

"Resolved, That while by virtue of sovereignty the duty devolves upon this government to protect the lives and property of its nationals in foreign countries . . . it is nevertheless sound policy . . . to submit to an arbitral tribunal the controversies with Mexico relating to the alleged confiscation or impairment of the property of American nationals and corporations in Mexico; the arbitration agreement to provide for protection of all American property rights pending the final outcome of the arbitration."

Resolution Includes Everything.

"That in good will and friendliness efforts should be made and persisted in to effect arrangements which will commit the two governments to the policy of abiding by and executing awards that may be made in consequence of such arrangements to arbitrate."

This is a proposal to arbitrate not only the damages but the right of the Mexican government to confiscate without compensation.

So far the administration has been proceeding on the theory that confiscation of alien property without compensation is so foreign to the principles of international good faith that it cannot be submitted to arbitration. Moreover, recognition of the Obregon government of Mexico were extended upon the assurance given our commissioners by the Mexican government that the alien land laws would not be applied retroactively to dispose of American owners of properties acquired prior to 1917.

With the Mexican government going Gannett Newspapers which recognition was contingent, President Coolidge served notice in the last note to Mexico City that recognition might be withdrawn, if American properties should be confiscated.

The Coolidge administration so far has taken the same attitude toward

Mexico that it has toward Russia. It refused to recognize the soviet government because of the confiscation of American properties by the Russian government without compensation. The American government has refused even to discuss with Russia, much less to arbitrate, the right of the soviet to confiscate the properties of Americans.

In his message to congress Dec. 8, 1925, President Coolidge enumerated the conditions of recognition of Russia, among which was the "disposition to compensate our citizens who were despoiled."

A fortnight later the soviet government proposed negotiations to determine not the amount of the compensation but whether Americans were to be compensated at all and whether the Russian war debt to the United States was to be paid.

Secretary of State Hughes refused to negotiate as long as the soviet government maintained its right to confiscate American properties and to repudiate its debt.

No Reason for Negotiations.

"There would seem to be at this time no reason for negotiations," said Mr. Hughes. "The American government, as the President said in his message to the congress, is not proposing to barter away its principles. If the soviet authorities are ready to restore the confiscated property to American citizens or make effective compensation, they can do so."

If the soviet authorities are ready to restore the confiscated property to American citizens or make effective compensation, they can do so."

It requires no conference or negotiations to accomplish these results which can and should be achieved at Moscow as evidence of good faith. The American government has not incurred liabilities to Russia or repudiated obligations."

The senate is being swamped with arbitration propaganda. Petitions, letters and telegrams, inspired by the drive conducted by the Federal Council of Churches and other Protestant church organizations, are raining upon senators urging approval of the arbitration proposal. The Federal Council of Churches in its latest piece of propaganda is taking credit to itself for inaugurating the arbitration movement.

The debate on the Robinson resolution is expected to be a notable one. Senator Borah (Rep., Idaho), chairman of the foreign relations committee, will support the resolution. Senator Reed (Dem., Mo.) is preparing to oppose the resolution with a powerful argument against interference with the President's conduct of foreign relations.

## An Editor's View of National Advertising

As an editor, I am keenly appreciative of the value of advertising. To me it is both interesting and enlightening. This voice of industry tells me of new things and new methods and does not let me forget the proven worth of the old. It points out new uses for products which it had long ago made familiar to me.

Frequently in an advertisement I find some basic discovery presented in terms of its practical application. Today the news columns report a newly developed engineering principle. Tomorrow, advertising will announce its general availability in the form of an appliance. Principles of health, principles of style, principles of every day living are made familiar to us largely through advertising.

Holding this conception of national advertising, I am correspondingly appreciative of our position as advertising media. Hence, in the series of Gannett Newspaper advertisements, which will follow this introductory announcement, it is our purpose to place before advertisers and their advertising agencies, a chain of interesting information, helpful facts.

Searching analyses have been made of each field covered by a Gannett Newspaper. The resulting data constitute a definite, unerring guide for advertisers. While the outstanding general points will be presented in our advertisements, the complete surveys are available to all. And I sincerely hope that advertising executives will send for and use them, in order that they may achieve maximum results in the prosperous, progressive territories which the Gannett Newspapers serve.

As a newspaper editor, my own obligation to the advertiser is this: I pledge that each Gannett Newspaper will ever uphold our ideal of authentic news, impartial presentation of fact, and courageous interpretation of the issue. Each Gannett Newspaper will be welcomed into the home as a friend; its pages will be unfolded in the knowledge that the contents are always wholesome and educational, so that our advertisers may participate in the receptiveness which these qualities inspire.

## MEXICAN LABOR URGED TO FIGHT U. S. IMPERIALISM

Charges Yankees Seek  
Pretext for War.

MEXICO CITY, Jan. 23.—(AP)—An appeal to Mexican organized labor to rally solidly to the support of the Mexican government and against "Yankee imperialism," which seeks any pretext for armed invasion of Mexico and threatens all Latin America, was made by a labor leader, Jose Gutierrez, addressing a mass meeting of workers under the auspices of the Regional Confederation of Mexican Workers today. The speaker expressed confidence that the Mexican organization would have the moral support of labor throughout the world.

In the meantime further rebel attacks are reported in several parts of the republic, while the war department announces additional federal successes in half a dozen engagements with revolutionaries in different sections of the state of Jalisco, where the uprisings are said to have been more serious than elsewhere.

**Numerous Rebels Killed.**  
In these combats, the department reports, numerous rebels were killed. Federalists also repulsed a band which attacked Santa Maria, state of Guerrero, inflicting substantial losses. Bandits, who attacked the town of Apasco in the state of Mexico, were dispersed by federalists hastily dispatched from a nearby point.

The railroad tracks were torn up and a train attacked near La Cruz, state of Durango, but the engineers stopped the train in time to prevent a derailment.

Soldiers on the train acting as guards, which is customary on all trains in the republic, gave battle to the bandits, who retreated after looting the express car. None of the passengers were harmed.

**Assaults "Yankee Imperialism."**  
The labor meeting was called to discuss the international situation, based on the thesis: "Mexico's present economic crisis and disturbances caused by American politicians with the object of extending their imperialism to all the weak peoples of America."  
Senor Gutierrez pictured Mexico as the outpost of Latin American liberty, which, he declared, was being assailed by "dollar diplomacy" and "Yankee imperialism."

"They count upon the infamous cooperation of the oil companies," he continued, "who find in Mexico another place where these highwaymen may raise their banners. They are looking for armed intervention in Mexico. Liberty, justice, democracy, which they so eagerly about, are empty phrases to disguise their thirst for rapine and pillage. But, although the situation seems grave, the Mexican workers know that all the workers of the world will give their moral support and sympathy to Mexico."

## SCIENTIST RATES CHICAGO AS FIRST CITY IN WORLD

N. U. Professor Says  
Survey Proves It.

When you speak of the first city of the world you speak of Chicago, W. L. Bailey, professor of sociology at Northwestern university, declared yesterday after completing a survey.

"All Chicago needs now is civic pride, and a realization that it has become the first city of the world," he stated.

This does not mean, he explained, that it has the greatest population, but that its leadership is in the ratio of its increasing population, increasing building, increasing health, increasing beauty, increasing culture, increasing education, increasing wealth and increasing happiness.

**Best Days Are Now.**  
"Chicago's early growth is often referred to as the boom days," Prof.

Bailey said. "But several other cities have outdistanced Chicago's early record. Chicago's best days are right now. It is a striking fact that the amazing reconstruction after the great fire is being eclipsed more and more each year by the building activities now."

"In recent and current rate of growth Chicago is about half again in advance of New York and Philadelphia. Chicago's fast record of acceleration guarantees a still more exceptional future."

"Population growth is the usual basis for comparing cities. Other standards are of course used by civic and promotional bodies, taking the quantity of the population, the wealth, health, and the like into account. But cities are known most widely by their population and its growth."

**Size Isn't Whole Thing.**  
"In a general way, this basis of comparison is adequate, but there is no very close correlation between the size of its population and a city's other merits or demerits. Relatively small cities often outrank much larger ones in industry, in commerce, and in wealth."

"This discrepancy is becoming greater as our cities grow older and are more fully developed. In their early

stages of growth, when the city is being peopled, the number and growth of population is a much better index."

"Most American cities are now entering upon a period of their history when population numbers is a relatively poor basis of comparison."

"A direct statistical comparison based on official figures of the large cities of this country plainly shows that on the basis of a score of fundamental economic, vital, social, civic, and cultural items the large cities stand in the third class in rank. The cities of less than a quarter million are generally best. At least this is so if judged from the point of view of general welfare."

"However, in such a comparison Chicago stands exceptionally high for a city of its size. Its rank on the other items is also remarkable. It shows a well balanced development, though its extremely rapid growth in area and population give it a low rank in a few items."

"The great increase of births and the decrease of deaths give Chicago a health rate which no other city its size enjoys."

Chicago can readily claim to be the first city of the world."

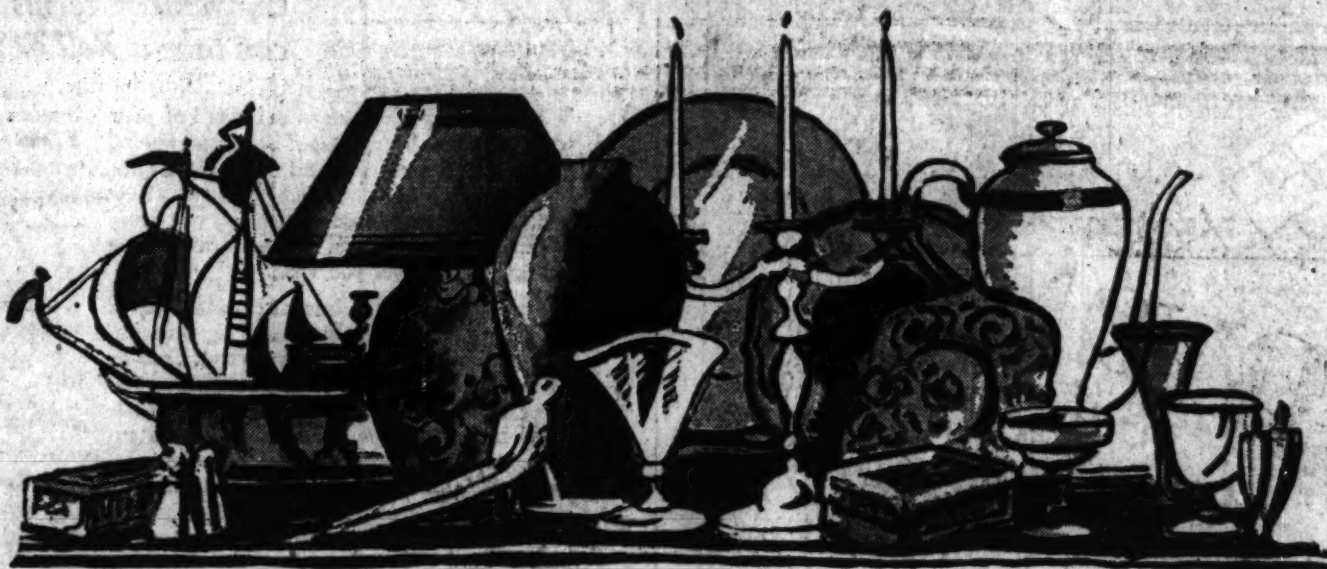

## JUDGE NEBLETT OF NEW MEXICO ON BENCH HERE

(Picture on back page.)  
Tall, husky, and tanned, Judge Colin Neblett, for ten years on the bench in Santa Fe, N. M., came yesterday to the federal building here to sit for three weeks, as directed by Chief Justice William Howard Taft of the United States Supreme court, as relief jurist for Federal Judge George A. Carpenter, who is hearing the conspiracy charges against the furniture manufacturers' organizations.

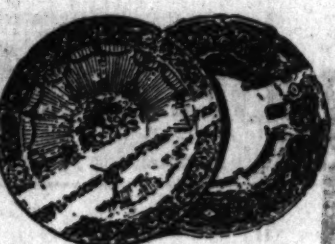

"We hear that you've got a reputation for being sort of a hard-boiled crime fighter back home," some of the local interrogators inquired as the southerner went into his chambers at the first recess yesterday. "What have you got to say about it?"

"Well, now," replied the large man in the tweed suit, "I have my own theory about this relation between a judge and the punishment of crime. Here it is:

"Talk less; do more."

## On all of Ovington's Five Floors the discounts are in force!

### PLACE PLATES

20 to 33 1/3% less  
Place plates from the world's famous potters are here—plates circled with gold and with silver, bright with flowers or banded with jeweled color and all for the present less by 20% to 33 1/3%.

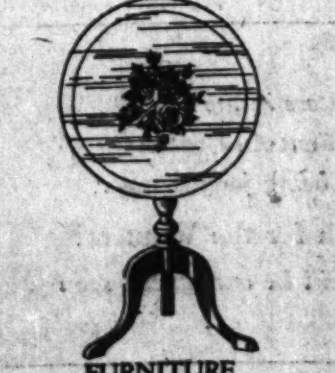

### SILVER

10% to 20% off  
Platters for roasts, serving trays and tea services, trays for cards and sticks for candles—all are here at discounts. And though the charm of the silver will last a lifetime, remember—the days of the discounts are named and numbered.

### MIRRORS

10% to 33 1/3% less  
Here are mirrors—the walls are lined with them. Formal mirrors to dignify the mantelpiece, console mirrors and mirrors for the boudoir. Mirrors for every use, and, be it known, the discounts detract not a whit from their loveliness.

### FURNITURE

10% to 33 1/3% off  
Ten wagons and two tables, mullin stands, tables for bridge and no-tables—these and all the hard-to-find little bits of Ovington's hostess furniture have passed a fifth and in many cases a good third from their former fair prices.

As soon as you step within the portals of Ovington's you will encounter the very radical discounting that the winter season brings forth. Right upon the very first floor all the lovely leather, all the beautiful bronze, the gay and gallant glass and a thousand and one other gifts of charm and distinction are all discounted—all less. The shining silver of the second floor, the pewter and plate have bowed to the discounts, and all the excellent china of the third floor—all the sparkling crystal of the fourth.

And last but not least comes the furniture, the mirrors and lamps. This is the particular season of the year, when, perhaps, these last deserve discounts beyond all the others. But not for these alone have we reserved the drastic reductions. Throughout the whole shop things are less by one-fifth to one-third, with here and there a thing spared because of its scarcity and marked at only one-tenth below.

### CHINA

20% to 33 1/3% less  
Minton and Royal Doulton, Wedgwood China, Royal Worcester and Morgan Bells are a few of the names signed to the wares of the China Shop. Glorious names, gorgeous china and all now at generous discounts.

The discounts would mean but little if the former prices had not been very fair and very just. But Ovington's has always striven to maintain a very definite relation between price and good value and these generous discounts do but make the fair prices of yesterday the featured and outstanding values of today.

## OVINGTON'S

"Gifts from all over the World"  
212 Michigan Blvd. north of Lake St.

### TABLE CRYSTAL

20% to 33 1/3% less  
Crystal too, humbles itself before the discounts. Sparkling crystal of rare design and excellence. Sailed services and stemware, grape fruit sets and cocktail glasses—all urging you to make your choice before they return again to their rightful prices.

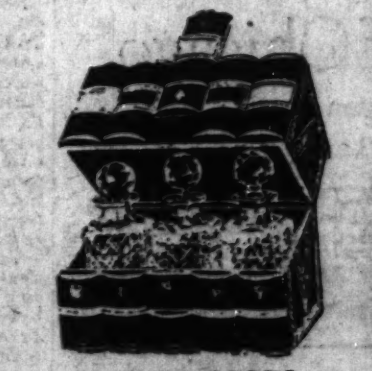

### GIFTS

All the thousand and one good gifts assembled on the first floor have leagued themselves with the discounts. Gifts for weddings and brides, birthdays and anniversaries. Gifts too charming to describe, too numerous to list but all less now by 10% to 25%.

### LAMPS

10% to 33 1/3% off  
Here are lamps by the hundreds. Lamps tall and stately, reading lamps and lamps for the hall, lamps for the library, for bridge and the boudoir. All are discounted—all are less by 10% to 33 1/3%.

### LEATHER GOODS

10% off  
Bookends and waste baskets, bridge sets and desk sets, frames for photographs and boxes for cigarettes. Here are literally and indisputably hundreds of delightful novelties and innovations in leather, priced far, far less than they have been or should be.

## THOMPSON CAMP SEES TRICK IN ROBERTSON MOVE

Fears Effort to Nullify Many Negro Votes.

(Continued from first page.)

The parks, from superintendents down to the paper sweepers and snow shovelers, are far from being rated as a 100 per cent asset for any one candidate.

Statement by Judge.

Col. Noble Brandon Judah, chairman of the Denoon-Brundage committee in charge of the Lindsay campaign, offered the following analysis of the Robertson withdrawal.

Dr. Robertson's decision to withdraw, although a complete surprise, should be regarded as the natural reaction to the remarkable campaign conducted by Edward R. Lindsay and the Denoon-Brundage organization.

"Whatever may be said of Dr. Robertson's candidacy otherwise, there can be no doubt that he is a real Republican and he demonstrates this fact by declining to enter the primary and run the risk of dividing the respectable Republican vote opposed to Thompsonism. It must be apparent to all real Republicans as it obviously is to Dr. Robertson and his managers that in Mr. Lindsay the party has a clean candidate who can properly represent Republicans after the primary."

Robertson Did a Flip.

Throughout political circles the general interpretation of the reason for Dr. Robertson's withdrawal was that his campaign turned out a flop. Many of the politicians expressed a curiosity as to whether Dr. Robertson will have any salvage on that \$50,000 certified check he presented personally to his campaign manager at his coming out party Nov. 2, when \$100 business men were said to have contributed \$50 each to the campaign fund.

Petitions filed yesterday were:

## WOMAN CANDIDATE DECLARES SHE WILL ABOLISH VICE DENS

After filing her petition yesterday making her the first woman candidate for mayor in Chicago, Mrs. Johanna Gregg, a William Hale Thompson school board trustee, announced that she will campaign on her platform to clean up the city's vice dens.

Rampant vice, particularly in the outlying road houses, Mrs. Gregg finds intolerable, and is determined if elected to do a deal of padlocking. Once the key is turned in the lock, the joints will not stay closed for only one or two weeks, Mrs. Gregg declared, but for all time.

Not yet ready to announce her stand on traction, Mrs. Gregg said: "I realize that traction is a very vital issue."

She had no criticism to make of her competitors, except that "I don't like Mr. Thompson's backers."

"I don't know whether or not I have the remotest chance of being elected," she said, "but I will cut a wide path for the woman who will become Mayor of Chicago."

W. Hadley of Wheaton, assistant attorney general of Illinois, who is in charge of the suit for the recovery of \$1,000,000 from Gov. Len Small and who is credited with cleaning up gang rule in Rock Island. Telegrams will be sent Senator Charles S. Denoon from both ministers' associations. Vote in the Methodist ministers' meeting was by a standing. 35 ministers voted in favor and 2 against the proposition.

## PAL OF SALTIS GETS INTO RACE TO BE ALDERMAN

John (Dingbat) Ober, pal of Joe Saltis, and indicted with that leader of the Salts-McElrath gang for the murder of John Foley, believes he can add some luster to the city council and is going to make a try for it. He has announced himself as a candidate for alderman for the Thirtieth ward, where he will oppose Ald. Joseph E. McEnough.

Ober, who is 34 years old and lives at 4804 South Lincoln street, recently had the charge of murder in connection with the killing of Foley stricken off by the state with leave to reinstate. He was indicted at the same time as Saltis and Lefty Konold but was not arrested until they had gone to trial.

## He demanded a separate trial. After the acquittal of Saltis and Konold, Assistant State's Attorneys Lloyd Heth and James C. O'Brien had the case stricken off because they saw "no hope of convicting him." His status is that he is still technically under indictment for the Foley murder.

What Mr. Ober's stance may be, Ober last night expressed himself as confident he will win unless they stuff the ballot box on him or resort to the short pencil or some of the various other schemes crooked politicians know. Speaking of his platform, he said:

"I am for subways. We need rapid transit. The present jury system is good so far as it goes, but it should go further away. There is too much money spent for police. I would favor slashing appropriations in that department."

Ober is reported to have expressed the belief that his chief adviser, Saltis, would make an excellent chief of police.

His slogan, "An open town with more and bigger beers" should make him the favorite, Mr. Ober thinks. "Believe me," he told the reporter, "it ain't what I used to be, but what I am today that counts in this campaign."

He favors the widening of Congress street, of all streets, in fact, which would make laggers and eggers, from and to the wide open spaces easy. He also announced as one of his planks, a home for indigent and indignant policemen to be established on the lake front, thereby affording policemen the opportunity for more and better ones.

Mr. Ober expressed himself as against trial divorces and again mentioned his prejudices against trials of any kind. "All difficulties should be ironed out at peace conferences," he said.

Another candidate well known to gangland who came out for alderman yesterday is Benjamin Jacobson, recent bodyguard for "Hymie" Weiss in the battle on the north side in which Weiss was slain and Jacobson and Attorney W. W. O'Brien were wounded. Jacobson announced he will file a petition as a candidate for alderman for the Twentieth ward.

He is a "Denoon man," he says, and will conduct his campaign from the headquarters of the Twentieth Ward Republican club at 124 South Halsted street. He lives at 826 Maxwell street.

## COLORADO COURT OUSTS LINDSEY, JUVENILE JUDGE

Holds 1924 Re-election  
Was Illegal.

(Picture on back page.)

Denver, Colo., Jan. 24.—(P)—Ruling the election in 1924 illegal, the Colorado Supreme court today ordered Ben R. Lindsey ousted as judge of the Denver juvenile court, where he has served a quarter of a century.

The noted judge, however, declared himself one not to be removed so easily and took the position that he would continue in office until the next general election produces a qualified successor. In the opinion of others, the effect of the court's action will be to leave the office vacant until filled by appointment of the county commissioners.

Lindsey Plans Fight.

"I'll fight to the bitter end," Judge Lindsey said. "The decision is the most astounding thing I ever heard of." The high court by a three to two vote, with one justice not participating, granted an order sought by Mrs. David R. Graham, widow of Judge Lindsey's opponent in 1924, on the ground that the election proceedings in one precinct of Denver revealed "a most regrettable and astounding condition."

In this district the vote was Lindsey, 14; Graham, 15. The Supreme court said that "the whole conduct of the judges and clerks of election in that precinct shows a gross negligence and total disregard of their official duties."

Throws Out All Ballots.  
With the votes of the precinct in question Judge Lindsey on the recount had only 15 votes more than Graham, the candidate of the Ku Klux Klan. In upholding Graham's contest, initiated before his death, the high tribunal threw out the disputed precinct's ballots, giving Lindsey's opponent the election.

Graham died under mysterious circumstances more than a year ago. The coroner's jury decided his death was due to suicide, but his family insisted it was slaying.

Judge Lindsey has been prominently before the public in the last few weeks due to his magazine articles and speeches on marriage and his determination to speak in Knoxville, Tenn., in April, despite the reported opposition of ministers there.

## ASK SENATE QUIZ ON TRAFFIC IN U. S. PATRONAGE

Washington, D. C., Jan. 24.—(Special.)—Country-wide investigation into the alleged sale of federal patronage was recommended to the senate today by its judiciary committee. The resolution favorably reported was sponsored by Senator Norris (Rep., Neb.), chairman of the committee, as a substitute for others offered by Senators Harris (Dem., Ga.) and Ernst (Rep., Ky.), which would have limited the proposed inquiry to the south.

The resolution finally approved reviews the charge that public offices are being sold and that influence is pledged by candidates for office. It would direct the judiciary committee to "ascertain whether such officials of political party organizations have improperly, illegally, or dishonestly used the influence and power of their positions as officials of political party organizations in bringing about the appointment of federal officials."

## Punches Witness in Court; Fined for Contempt; Freed

Ralph Walker, 36, of 5213 Winthrop avenue, defendant before Judge Starbuck yesterday, was angered at the testimony of Charles Bemis, a Winnetka policeman. Walker struck Bemis when he stepped from the witness stand. Walker promptly was fined \$10 and costs for contempt of court. Judge Starbuck dismissed the charge that Walker was the father of an illegitimate child.

## CHARGE INDIANA DRY ATTORNEYS DECEIVED COURT

Fraud Is Claimed in Liquor Appeal.

Indianapolis, Ind., Jan. 24. — (Special.)—Ethan A. Miles and Jesse Martin, attorneys for the Indiana Anti-Saloon league, came under fire again today in the Indiana Supreme court, when Jacob Morgan, Indianapolis attorney, charged them with perpetrating fraud in the court in an effort to carry liquor law prosecutions to the limit.

The charges were made in a petition asking the court to reconsider a former petition to transfer the case of Isaac Levy and Morris I. Assael of this city from the Appellate to Supreme court. The petition for transfer, according to Morgan, was denied by the Supreme court after the dry attorneys made "false and deliberate statements" in their "over zealous passion to prevent the court from learning the facts in the case."

In the present matter Morgan, on Dec. 6, filed a petition to transfer the case to the Supreme court. On Dec. 15 the court denied the petition. It was later learned that on the same day, before the Supreme court ruled on the transfer, Miles and Martin filed a brief on the motion to transfer, in which they stated that Morgan presented "no assignment of errors, makes no quotations from the opinion of the Appellate court in this case; in fact, makes no citation thereof."

According to the new petition, the original transfer petition pointed out that the Appellate court was erroneous on decisions and in conflict with the Supreme court on ten distinct points. The petition to transfer contained thirteen propositions.

"It is plain to be seen," the petition avers, "that the Supreme court was imposed upon and actually misled by the deliberately false statements of counsel for the appellee (Miles and Martin) with reference to matters set out: a decision or ruling obtained under such circumstances is one that should not be permitted to stand because it operates unjustly upon and against appellants (Levy and Assael) and constitutes legal fraud."

The petition labeled the action of the Anti-Saloon league attorneys as "contemptible conduct."

The Anti-Saloon league attorneys are now under citation for contempt of court, directed at them by Attorney General Arthur L. Gilliam, for alleged circulation of false reports concerning decisions of the Supreme court in liquor case appeals.

## TRACES DEATHS OF UNIVERSITY YOUTHS TO CAMPUS SUICIDE PACT

Aurora, Ill., Jan. 24. — (Special.)—Walter Bryant, a brother-in-law of Joseph W. Moore, the University of Illinois sophomore who killed himself at the Bryant home on Jan. 1, "because he had experienced all that life had to offer," thinks that young Moore and W. Cassella Noe, University of Wisconsin student who killed himself at Madison yesterday, entered into a suicide pact with the idea that they would explore the spirit world.

"I believe," Bryant said, "that Joe Noe and others became interested in psychology, discussed and talked it about the fraternity friends and elsewhere, argued about the hereafter, as college students often do, and formed a suicide pact. Noe and Robert Horton, to whom Noe left a note, were Joe's friends and he had visited them at Madison over a week-end several weeks ago."

Madison, Wis., Jan. 24. — (Special.)—W. Cassella Noe, 20 year old University of Wisconsin student who committed suicide on Sunday, seemed to be one of the happiest individuals in the university and had no worries, according to his friends who discussed his death today.

Just before Christmas Noe asked Miss Mary McGowan, a co-ed, to accompany him to the prom on Feb. 4, but did not again mention the party after he had visited Joseph Moore at Aurora, Ill.

School to Be Named for Late Oliver J. Westcott

The school administration committee of the board of education yesterday selected the name of the late Oliver J. Westcott, former principal of the Walter High school, for the old Calumet Senior High school building, 8025 Normal avenue, which has recently been converted into a junior high school. The suggestion came from Supt. William McAndrew.

"It is plain to be seen," the petition avers, "that the Supreme court was imposed upon and actually misled by the deliberately false statements of counsel for the appellee (Miles and Martin) with reference to matters set out: a decision or ruling obtained under such circumstances is one that should not be permitted to stand because it operates unjustly upon and against appellants (Levy and Assael) and constitutes legal fraud."

The petition labeled the action of the Anti-Saloon league attorneys as "contemptible conduct."

The Anti-Saloon league attorneys are now under citation for contempt of court, directed at them by Attorney General Arthur L. Gilliam, for alleged circulation of false reports concerning decisions of the Supreme court in liquor case appeals.

## PIN ROBBERY ON BOOTLEGGER SHOT BY AGENT

While government agents were investigating the circumstances surrounding the shooting of Frank Davis, 1708 North La Salle street, alleged bootlegger, on Friday by Prohibition Agent Jacob Maas to determine if Maas fired in self defense, police announced that a criminal record exists against Davis.

"This man's name is not 'Davis' at all," declared Lieut. William Bluff of Chief Collins' personal staff. "His real name is David Cassana and he has in the past been implicated in several robberies and burglaries. In fact, he confessed to me at Augustus hospital today that he took part two years ago in robbing the plant of Christiansen & Co., 130 West Grand avenue, of fifty-four tubes of butter."

Patrick J. Roche, in charge of the government inquiry, termed Davis, or Cassana, a dangerous man after checking up with police.

Maas shot Davis through the back after tricking Davis into delivering to him and his partner, Robert McNaught, two quarts of whiskey, for which he paid Davis \$14 in marked money.

## WORK HOUR TO FREE MANACLED ROBBERY VICTIM

Several volunteers from among the customers, a police lieutenant, and a locksmith worked for more than an hour last evening before they were able to take a pair of handcuffs, affixed by hand, from the wrist of Joseph De Grado, butcher at 918 North Dearborn avenue.

De Grado and his 12 year old delivery boy, Frank Carolla, were in the shop when two robbers entered. They forced Frank to keep his face against a wall while they seized the butcher and snapped the handcuffs on while he had his hands behind him. When they left with \$72 from the cash register Frank tried to take the manacles off his employer.

He was unsuccessful. So were two women customers who came in. So De Grado walked over to the South police station. Lieut. Willard Malone tried all the handcuff keys in the station, but they wouldn't fit. De Grado was then taken to a locksmith, who had to file off the manacles.

LOCK UP OWNERS; BOB STONE. Two handies walked into John Marjory's butcher store at 1414 Fullerton avenue last night, locked him in the basement, and escaped with \$100.

## ARE NUDES ART? IF SO, WHEN? ARE ISSUES IN COURT

A trial to determine whether the nude in art magazines are art or "hot nudie" is in progress before Municipal Judge Leroy Fairbank.

A charge of distributing obscene literature against J. O. Stoll, 345 East Grand avenue, and John Koelling, 206 West Randolph street, was called yesterday. Stoll is alleged by Policewomen Mollie Oliver and Mabel Rockwell to have supplied art magazines to Koelling, from whom the policewomen purchased them.

Koelling's attorney reported that his client was ill and unable to attend, but Judge Fairbank ordered the book seller's bonds forfeited and a vagrant for his arrest issued. On motion of the city prosecutor the case was continued until today.

LOCK UP OWNERS; BOB STONE. Two handies walked into John Marjory's butcher store at 1414 Fullerton avenue last night, locked him in the basement, and escaped with \$100.

## MANDEL BROTHERS

— "famous for silks" introduces —

## NATIONAL DARK PRINTED SILKS

Developed in pussy willow, indestructible voile, and Khaki Kool. Inspired by the scenic wonders of the west, these silks stand unique among the season's fabrics. Entirely American in subject and artist; the bizarre character of the designs lends emphasis to the sports feeling of the mode and strikes a dominant note in fashion's lexicon.

Mannequins will display frocks of these silks on the second floor, Silk Department.

your doctor will tell you the power of this valuable Tonic

There are dozens of so-called "tonics" in the drugstore, most of which the medical profession laughs at. But there is one—Gude's Pepto-Mangan—that has been prescribed by physicians regularly for over 34 years.

Your doctor will tell you why, if you ask him. He'll explain the tremendous tonic power of this special combination of organic iron and manganese. He'll tell you how quickly assimilable it is, acceptable to the most sensitive stomach. He'll tell you that before physicians prescribed it its prompt tonic action was demonstrated by hundreds of scientific tests.

This is expert advice—the best advice you could get. Your druggist has Gude's Pepto-Mangan in both liquid and tablet form.

What Doctors Say  
"I have obtained very good results with Gude's Pepto-Mangan."  
"I have used Gude's Pepto-Mangan (liquid) about 25 years and have recommended it professionally to scores of people in need of a good tonic, with very gratifying results."

are being judged now.

Watch for the Winners!

They will be announced soon.

"I had some odd pieces of furniture I wanted to sell, and as my husband suggested a Sunday Tribune ad. We had several offers, for more than I thought possible to get for them, and sold them right away. Many thanks to The Tribune, as that money helped us a great deal."  
MRS. WM. SWAFFORD,  
2112 Prairie Avenue.

"Through an ad in The Tribune my electric washer, gas range, heater, refrigerator and canaries were sold to the first party that called. I more people know how they could make and save money through Tribune Want Ads the paper would nearly double in size in a very short time. When I have advertised, answers have come for several days after the ad appeared. It pays to answer Tribune ads just as it pays to advertise through them."

## FASCISM, BARON SAYS, MIGHT NOT DO SO WELL HERE

But It's True Democracy, Envoy Tells Chicago.

Rome is a great success in Italy, but might not do so well as an American institution, in the opinion of Baron Giuseppe de Martino, Italian ambassador, who gave a brief explanation of the form for 150 guests of the Italian society at a dinner last night in the Casino club.

Baron de Martino is a redeemer of Italy, but as a citizen of the United States he might not develop the great success that is his in Italy, the guest of honor declared.

In the post-war depression in Italy, de Martino thought it had discovered fertile ground and millions of dollars were expended in bolshevik propaganda, he said. Then came Mussolini and Fascism, and the result has been wonderfully successful.

Calls Fascism Democratic. The baron said few Americans understood the meaning of the term Fascism, and the impression that it is an aggressive and cruel government is entirely erroneous. It is founded, he said, on as true a spirit of democracy as our own republic.

At the ambassador's table were the members of Great Britain, France, Sweden, Hungary, Germany, and Brazil, respectively: H. A. Richards, Count de Ferry de Fontenay, Carlos de Darnet, J. Schaefer, Dr. Rudolph Eschner, and Dr. A. de Luca; Dr. Harry Pratt Judson, who presided; Mrs. Rockefeller McCormick, Mr. and Mrs. Rudolph Altough, Chevalier Machias, Chevalier Jules E. Channin, head of the Italian chamber of commerce; Col. T. A. Sigwald, and Count and Countess Giulio Bolognesi. Mrs. William A. Clark was in charge of arrangements.

Spends Busy Day Here. The baron spent a busy day in Chicago, touring the park system, laying wreaths at the statues of Lincoln and Garfield in Lincoln park, visiting the Italian chamber of commerce, and attending a luncheon given by John J. Mitchell and a tea given by Mrs. James Hamilton Lewis.

Today the baron will inspect the city's plant of Swift & Co., will speak at the University of Chicago as the guest of President Max Mason, and will attend a 4 o'clock dinner at the home of Mrs. Chauncey Blair. Mrs. Blair will be his hostess for supper, preceding the opera.

## GERMANY TO RAZE FORTS ON POLISH LINE, PARIS SAYS

(Chicago Tribune, Free Service.)

PARIS, Jan. 24.—Germany, it was reported today, is ready to "raise its fortresses along the Polish frontier in order to reach an agreement with France on the subject of disarmament before Feb. 1, when the league of nations takes over the job of supervising the armament portions of the execution of the Versailles treaty, and the interrelated military control commission is dissolved.

Gen. von Pawel is continuing his conversations with Marshal Foch regarding the fortifications at Koenigsberg, Kuesstrin, Glogau, and all other strategic points adjacent to the boundary of Poland, and the Berlin emissary already has made important sacrifices to the Franco-Polish viewpoint.

The military experts point out that Germany's sacrifice of the fortresses is meaningless, as the world war proved that fixed forts are worthless and field entrenchments, artillery emplacements and underground troop shelters are the only means of withstanding enemy shell fire.

The council of ambassadors will meet Saturday to examine the compromise solution which Gen. von Pawel and Marshal Foch have practically reached. The disarmament control will be handed over to Geneva formally next Monday.

## ALLEGED BRIBE IN SEVERINGHAUS CASE'S BARED

Juror, Names Policeman as Offering Money.

Details of the alleged bribery plot which brought about a verdict of \$151,000 in favor of the Severinghaus Printing company last fall against Dr. William H. Reid, political follower of William Hale Thompson, were bared from the witness stand in Chief Justice William J. Landis's Criminal court yesterday afternoon by Ralph F. Ritter, 1233 Vincennes avenue, Chicago Heights, one of the jurors.

Ritter, under oath, involved Policeman Edward Corda, who was assigned to the Severinghaus plant, as the chief actor in the plot to bring in a favorable verdict for the printing concern, which sued for money due for campaign printing in behalf of Thompson. It was Corda, he said, who promised him \$5,000 for a favorable verdict for Severinghaus and \$2,000 if a majority of the jurors were against rendering a favorable verdict for the printing concern and he held out for a disagreement.

Names Former Court Clerk. Joseph Cook, former clerk in the court of Judge Joseph David, was the man who approached him with the bribe offer, Ritter said, and John R. McWane, former Municipal court bailiff, with Cook and Corda a defendant on the conspiracy charge, took care of the introduction between the juror and the policeman.

"Shortly after being called for jury service I asked Cook if I could get an advance on my pay," testified Ritter. "A few days later he told me to meet him in the city hall, and when I did he asked me if I wanted to make some easy money."

"Cook said he had considered 200 or more jurors, and that I was a poor boy and might as well make a stake and go away and settle down. He said if I didn't make the money some other juror would. Cook gave me \$10 at that time to bind the bargain."

Paid \$221 in All. Ritter testified that Corda was then introduced to him and gave him instructions. In all, he said, Corda paid him \$221 of the promised sum.

"When I threatened to go to the state's attorney Corda said 'men have been taken for a ride for less than that,'" Ritter testified.

Ritter said he tried to see Milton Severinghaus, but without success, and finally obtained \$5 from the mother of the printer.

Judge Joseph B. David, the trial judge in the civil suit, was the first witness for the state. He gave formal testimony to the effect that the trial involved in the alleged bribe plot was held and that Ritter was a juror in the case. Ritter will be cross examined today.

WOMAN'S DEATH ACCIDENTAL. A coroner's jury yesterday decided the death of Mrs. Mary Decker, 53, of 4708 North Paulina street, was due to accident. Her husband testified the mistook poison for medicine.

## 9 BOYS' MURDER CONFESSIONS TO BE READ TO JURY

State Wins Ruling for 'Hanging Evidence.'

CRIMINAL COURT. James Kennedy, larceny, sentenced to one year in the Reformatory by Judge Emanuel Heller.

The evidence upon which the state will ask a hanging verdict against nine boys of high school age on trial before Judge John J. Sullivan for the murder of Stanley Ciesla last Halloween night will go before the jury this morning.

The judge, after a week's hearing, ruled yesterday that the confessions of the defendants were not obtained by the brutal police methods charged by the boys, but were voluntary statements.

The jury, which has been excluded from the courtroom during the hearing on the admissibility of the confessions, was brought back yesterday and listened to the testimony of three men, who were with Ciesla at the time he was assaulted and robbed by the defendants, according to Assistant State's Attorney Louis Gelman and Scott Hogan.

street; Martin Masur, 5134 West 18th place, and Andrew Kuchta, 1922 West 17th street, testified that they had been playing cards at the Kuchta home and that they were attacked by a crowd of boys. Ciesla they said was robbed of \$40 and a watch.

The witnesses could not identify any of the defendants, but the state, as proof of their identity, will introduce today the nine confessions in which each boy is alleged to have told the police the part he played in the killing.

## HIGH-SPOTS in CHICAGO'S GROWTH

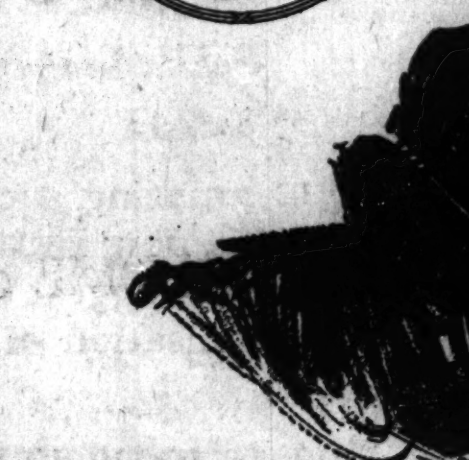

THE CHICAGO CIVIC OPERA

Chicago has shown the world what high standards can do—in the art of music—and in the making of telephones.

...and the home of the telephone

For nearly half a century Western Electric has supplied the telephones of the Bell System. The millions of telephones that have gone out from the Hawthorne Works are serving well the communication needs of the business and social life of the nation.

An industry that is deep-rooted in Chicago, Western Electric has contributed a goodly share to its growth as a centre of commercial activity.

Great music interpreted by great artists to great audiences—an undertaking of widespread appeal sponsored by public-spirited Chicagoans.

# Dominating Philadelphia's Morning Field

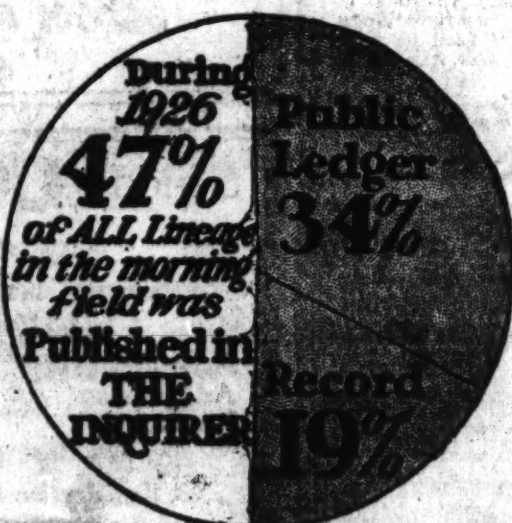

## In—

# CIRCULATION, ADVERTISING and POPULARITY

### DOMINATING IN POINT of CIRCULATION

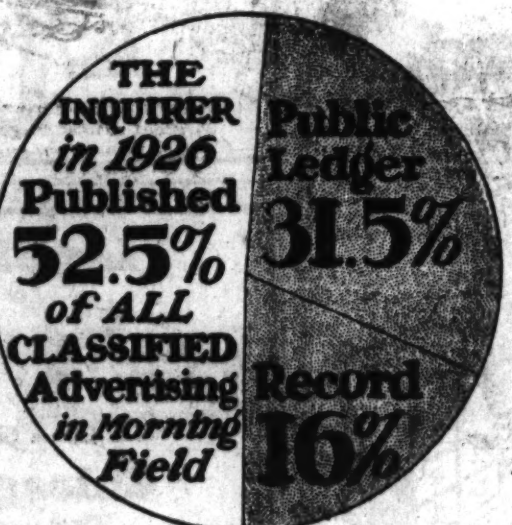

Concentrated Circulation means much to the advertiser. The bulk of The Philadelphia Inquirer's circulation is massed in the City of Philadelphia and its immediate suburbs. In this combined territory The Inquirer predominates with 51% of the total circulation of all Philadelphia Sunday newspapers and 56.6% of the total daily morning circulation. In newspaper advertising there is a truth that amounts to an axiom: "In advertising it is coverage that counts!"

### FIRST IN VOLUME of GENERAL ADVERTISING

The Inquirer's lead in Display advertising has been beyond question for years. For years this leadership has steadily increased. Last year (1926) 47% of ALL General advertising published in Philadelphia morning papers appeared in The Inquirer.

| <b>Public Ledger</b> | <b>15,836,400 Lines</b> |
| <b>Record</b>        | <b>8,805,000 Lines</b>  |

### UNEQUALED VOLUME of CLASSIFIED ADVERTISING

Year in and year out The Philadelphia Inquirer leads the entire Pennsylvania Field—morning and Sunday in Classified advertising. During 1926 52.5% of ALL Classified advertising appeared in The Inquirer—And remember what leadership in this class of advertising indicates as to the popularity and reputation for reader interest throughout the medium's circulation!

Advertisers talk much about "reader confidence" and its bearing on the possible results to be obtained by the advertising investment. The Philadelphia Inquirer has left nothing undone to give those words added weight. Its news is gathered from unlimited sources—its editorial staff boasts brilliant men—its special features are the best obtainable. And, in addition, all advertising accepted must be clean and beyond suspicion. In short, a vast amount of money, time and energy has been expended in the effort to publish the finest possible newspaper. No stronger proof of its success could be offered than its leadership in the Pennsylvania morning field in circulation, advertising and popularity.

**GUARANTEE** For Years The Philadelphia Inquirer has absolutely guaranteed that every morning in the year, before breakfast is served over 75% of Philadelphia's worthwhile homes have received their copies of The Philadelphia Inquirer from the hands of never-failing carriers.

# No buyers — not enough bathrooms

A one-bathroom home is *always* disappointing, inconvenient to live in and hard to sell. Moreover, it is out-of-date. You might as well think of buying a horse and buggy as to think of building or buying a one-bathroom home. The extra bathroom adds to your comfort and your pride of ownership. It materially increases your home's resale value.

## See these model bathrooms

The need for more bathrooms in the home is becoming universally recognized. As proof, note the large number of new homes and apartments in your neighborhood which are being equipped with two, three and more bathrooms each. See, too, how old homes and apartments are being modernized by having extra bathrooms installed. These builders and owners know that an extra bathroom means more comfort to the occupants and more value to the building. *Nobody* who is anybody wants a one-bathroom home today!

Father's lavatory for close-up shaving—an improvement appreciated by father—and mother, too, when installed as an extra lavatory in a parents' bathroom.

Come, at your first opportunity, to our wholesale display rooms and see actual proof that *small* bathrooms can be fine bathrooms—that an *extra* bathroom occupies only a few square feet of space and costs but little extra. You'll find bathrooms of all kinds—ultra

modern in every detail—ten years in advance of ordinary bathroom ideas. Bathrooms for the parents', son's, daughter's, children's and guest's rooms.

You'll find latest bathroom ideas in beauty and convenience. Modern uses of tile. Exquisite color effects. Clever arrangements of cabinets and other built-in fixtures. There are ideas for efficient use of limited space. New methods for giving privacy—for making the main bathroom do double duty.

The original Weil-McLain "Republic" bath and shower fixture: greater utility, due to simplified operation, costs no more, due to simplified installation.

You'll like father's lavatory for close-up shaving. You'll fall in love with the built-in dressing tables. You'll immediately want the improved shampoo and tub-cleaning spray. And you'll appreciate the fine points in the original Weil-McLain-Republic simplified bath and shower fixtures. Visit the

display at your convenience. See these and many other modern features. No obligation. It is a contribution by Weil-McLain to the "more bathrooms" idea.

## OTTAWA SIX TOPS HOCKEY RACE AT HALF WAY MARK

New York Rangers Lead  
American Section.

New York, Jan. 24.—(AP)—The National Hockey league has passed the half way mark in the season's long schedule. Of the 120 games booked 114 have been played.

The Ottawa Senators continue to increase their lead in the international section of the league and now hold an 11 point margin over the Canadiens of Montreal, who are in second place. Out of 23 games the Senators have lost but three and tied two.

### Close Battle for Second.

Meanwhile, the Canadiens and the New York Americans are continuing their nip and tuck battle for second place with the Frenchmen holding a two point margin. The Montreal Maroons, winners of the world championship last spring, continue to flounder about in the second division.

In the American division of the league the New York Rangers gradually are springing away from the pack. Although much of the first half was taken up with a battle for first place between Chicago and the Rangers, with Boston still trailing, the New Yorkers now hold a six point lead. Boston is in second place, a full game ahead of Chicago. The Pittsburgh Pirates finally have clambered out of the cellar. Recent play of the Detroit Cougars has been inconsistent.

### Ottawa Stars Suspended.

Feature games this week include an international contest at Montreal Thursday between the Rangers and Canadiens and a game at Madison Square Garden Sunday in which the Canadiens and Americans will renew their fight for second place in the international section standing. Ottawa Senators, crippled by the loss of three stars suspended for fighting against Montreal Saturday night, meet the Americans in New York tomorrow.

The standing:

## Rock Sugar Wins at N. O.; Pays 225 to 1

New Orleans, La., Jan. 24.—(Special)—H. M. Dixon's Rock Sugar, which won the sixth race at the Fair Grounds course here this afternoon, hung up a new record for long priced winners. The Dixon entry led a field of platers home, paying its backers the luscious odds of \$451.00 to \$2.00. The place price was \$151.00 and the show, \$44.00. This is the longest price ever quoted against a horse in recent years via the mutual investment route.

## MEYERS TOSSES LOGAS ONCE TO RETAIN CROWN

Time Limit Ends Mat Bout  
After Two Hours.

In one of the hardest fought wrestling matches since the Illinois athletic commission assumed control of the sport, Johnny Meyers successfully defended his middleweight title against Jimmy Logas in the windup of the show at the Broadway armory last night.

Meyers took the only fall in 1:34:55 with his stopper hold. The champion was unable to gain another fall within the two hour limit, but, according to commission rules, if only one fall is gained in two hours the winner of that fall is declared victor.

Logas Clamps Dangerous Locks. Logas gave Meyers the hardest struggle of his career. On several occasions the Greek had the champion in dangerous positions and punished him with various locks. The title holder applied his favorite holds at various times, but the great strength of the Greek prevented what appeared to be certain falls.

Johnny gained his only fall after he had applied a series of head locks. After he had purposely released his opponent from one head hold while they were on the mat Meyers tried for another. He slipped off Logas' head and fell at Jimmy's feet. Quick as a flash he applied the stopper hold and Logas conceded the fall. Neither was in danger of being thrown during the remainder of the two hours.

Barres Beats Evans. In the other bouts Ted Barres was given the referee's decision over Capt. Walter Evans, Johnny Doak was awarded the verdict over Tommy Cannon, and John Kilonis won over Charles Midget Fisher by the decision route.

## MOON MULLINS—EMMY'S ANCIENT HISTORY

## Barak New Constellation in Pro Basketball Sky

Red Barak, whose first name, Steve, is little known and less used, is another of the Chicago Bruins' cage stars who is entirely a product of Chicago courts.

Barak is playing his second year with the north side American league team, but previously had one year of professional experience as a member of the Waukegan Elks five.

Red is one of the youngest players in the pro circuit and all who have seen him in action on the Broadway armory floor predict a brilliant future as he gains the necessary experience.

Barak's performance against the New York Celts recently was one of the high spots of the series. He is an excellent shot, a good dribbler, and has the weight and speed to make him a perfect guard. Field goals scored against Red are hard won points.

Stars on Y. M. C. A. Five. Barak started his basketball career at the Larabee Y. M. C. A., where he was a sensation for two years. From there he progressed to the St. Paul's church team, which quintet he captained for two years. Later Red became a member of the Columbus council of the Knights of Columbus and played with that team in the north division games. Two seasons ago

## 1928 Tribune Ice Derby May Set New Mark

The great turnout of skaters in the Tribune's eleventh annual Silver Skates Derby last Saturday and Sunday may make it imperative to hold trials in the intermediate Derby on the first day next year. This race, which is the most attractive on the program from the standpoint of entries, drew such a large field that it was necessary to stage three sets of semi-finals before the field was reduced to a reasonable number for the final.

More than 1,700 of the original entry of 2,641 skated in the six races. Although two pairs of silver skates went to out of town contestants, local skaters carried off their share of the honors.

The splendid cooperation given Tribune officials by members of the south park board contributed greatly to the success of the carnival. George Donoghue, superintendent of the south parks, and Harry S. Richards, assistant general superintendent, were in charge of the board work. The ice was in splendid shape and the commissioners capped their cooperative effort by providing a buffet luncheon for officials at the conclusion of the racing on both days.

## Eckersall's Gossip of the Boxers

KID JAP, the oriental flyweight, and Tommy Milton will meet in the windup of the boxing show at the Roosevelt Road A. C., 3216 Roosevelt road, tonight. They will box ten rounds to a decision at 115 pounds at 8 o'clock this afternoon. Paul Allen and Al Klein, local 130 pounders, meet in the eighth round semi-windup to be supported by four other contests.

The annual boxing and wrestling show of the Hawthorne club of the Western Electric company will be held at Paddy Harmon's Dreamland arena tonight.

Premier Mullins has been engaged by Shelden Clark, chairman of the C. A. A. athletic committee, to put on a show in the Cherry Circle club's gym on Feb. 6. Mullins will announce his card this week.

A Ray Miller-Ted Morgan match for the world's junior lightweight championship is in the making. A Mullins wants to put on the contest Feb. 10. He already has Miller's signature. A hitch in the financial arrangements is keeping Manager Churchill from starting the series.

Jack Kearns, manager of Mickey Walker, the world's middleweight champion, has expressed a willingness to send his champion against Wolfert Laursford, who stopped Shufie Callahan recently. This match may be closed in a few days.

Woody Callahan, Los Angeles, the world's junior welterweight champion, and Spig Meyers of Idaho, who boxed a ten round draw with Billy Petrolis at the Coliseum last week, have been matched for one of the bouts at the Coliseum on Feb. 10. They will box ten rounds to a decision and the weight will be 141 pounds.

A card of ten amateur bouts, featuring Ed Burd and Jimmy Kelleit in the windup will be staged by Ed Howard at the Arcade gymnasium tonight.

## Bob Takes Up Tracking for Winter Sport

BY BOB BECKER.

Although the bird hunting season is closed in most midwestern states, sportsmen need not "retire" for a winter of inactivity, as this is the time for a fellow to go afield and pick up a few pointers about tracks and tracking.

We dipped into this entertaining byproduct of winter the other day and found it a fascinating game, as the birds and animals have been leaving all kinds of records in the snow, some of which make interesting reading.

Sam of Avondale, our springer spaniel, accompanied us on our woodland hike. He, too, was interested in tracks (especially rabbits). While he was more concerned with those that were fresh and brought a strong scent to his nose, we were on the lookout for any record of birds or mammals that are abroad at this time of the year.

A mink hunt along a stream, the trail of a hunting weasel which we followed for some time, the record of a hawk's or owl's swoop for a field mouse, a pleasant roosting place, and a crow's feast on carrion—these were just a few of the things which nature had written on the snow. There are many such records to be read these days by the outdoor fan who takes on a cross-country hike with his dog.

## Robert McC. Adamson Defer Building on Barrington Property

BY NANCY R.—  
The other day when Robert McC. Adamson, who has been building a large house on Barrington property, I feared that the young married couple here in town were about to lose a popular and valued member from the ranks.  
The Adamsons have bought a charming place of land in Barrington, and eventually they and their two young sons will join the all-the-year-around club, but it won't be this spring, as there is no house on their land. Their plans for building are still uncertain, and their apartment at 25 East Walton place will continue to be one of the favored gathering places for their special group of friends in Chicago for some time to come. Late, and of course, they change their minds with the lightning-like rapidity so frequently found in the youth of today, and decide to build and move all in a minute.

Mrs. Adamson's mother, Mrs. Wilhelm Ludwig Baum, is, according to the latest reports, thoroughly enjoying her winter ramble. After renting their spacious and hospitable house at 1608 North State street to the Robert J. Adamson set off on a jaunt that was to include most of the countries in Europe. Switzerland has claimed several weeks of that time, to come late, and their next stop is, I believe, to be Italy, with a trip into Germany later on. They are planning to return to America towards the end of the summer.

Add two more names to the list of Chicago's famous non-residents. Louis E. Curtis of the Webster and her daughter, Anna Louise, who made her way to Chicago some time ago, are settling out this week for that winter stay to spend the remainder of the season.

## Day's News in Society

Chicago and Evanston are sending several of the 45 delegates, holders of important positions in the Junior League, who are arriving in St. Louis this morning for the first regional conference. All arrangements have been made to billet the visitors and for several business and social meetings. Mrs. Frederick P. Ives, president of the Evanston Junior League; Mrs. Hamilton Walter, chairman of occupational therapy; Miss Betty Slaughter, and Miss Ellen Dryden are the Evanston delegates. Miss Emily Hamill, daughter of the Robert W. Hamill of the Evanston Junior League, is the guest of the St. Louis president, Miss Allos Scott; Mrs. John Lewis Cochran is to visit Mrs. Clarence Hopkins; Miss and Mrs. Dorothy Schmidt is to be with Miss Helen Hinder.

Mrs. William Julius Fick is to give dinner party this evening for the delegates, followed by a business meeting. Mr. and Mrs. Warren Finley Mayberry and their daughter, Miss Jean Mayberry, are to entertain tomorrow evening.

The marriage of Miss Catherine Louise Crunden to John Wade B. Crunden, which took place in St. Louis last Thursday, was a brilliant event and one of interest to many Chicagoans. The bride, who is a daughter of Mr. and Mrs. John Wade B. Crunden, was married at the residence of the bride's parents, Mr. and Mrs. Frank Crunden. There was a reception for 600 guests at the St. Louis Country club. Mrs. Walter Paepcke and Miss Theresa Hingston were to have been among Miss Crunden's bridesmaids, but were forced to decline several weeks ago. The wedding party consisted of 26 members was the largest ever to attend a St. Louis bride and bridegroom. Mr. Wade and his bride have sailed for a honeymoon of several months abroad.

The table committee for the Red, White, and Blue Ball on Feb. 4 at the Argonne ballroom is to meet at the residence of Mrs. Mark W. Trade of 2305 Commonwealth avenue on Friday afternoon. Mrs. M. B. Pittman is chairman of the committee, with Mrs. Trade acting as co-chairman and Mrs. Carl Davis, Miss Mary Glenn, and Mrs. Lloyd Smith Shaw assisting.

Mrs. Charles Harrington Chadwick gave a tea yesterday afternoon at her apartment, 209 Lake Shore drive, for the members of the entertainment committee of the Red, White and Blue ball. A number of stage celebrities who will participate in the entertainment at the ball were present.

The Association of Chicago Painters and Sculptors, of which Frank V. Dudley is president, is to give a dinner party for Thomas Wood Stevens and the company of the Goodwill tour of the Art Institute. Arthur Bissell is to speak on "Art and Achievements of the Goodwill Tour," and Mr. Stevens will give a "Glimpse Behind the Scenes." After the dinner the association is to attend the performance of "Juno and the Paycock" at the Goodman theater. Lawrence H. Whiting of 1534 Lake Shore drive is a sojourner in Washington, D. C., at the Carlton hotel.

## THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creosote, that is pleasant to take. Creosote is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.  
Of all known drugs, creosote is recognized by high medical authorities as one of the greatest remedies for persistent coughs and colds and other forms of throat troubles. Creosote contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and cures the growth of germs.  
Creosote is an extraordinary relief in the treatment of persistent coughs and colds, bronchitis, pneumonia and other forms of respiratory trouble and is especially beneficial to the system after colds or flu. It relieves after taking according to directions. Ask your druggist.

Mr. and Mrs. Allan T. Gilbert, who reside with Mrs. Gilbert's mother, Mrs. Simon Leonard Boyce of 715 South Park way, are being congratulated upon the birth on Jan. 21 of a son at the Michael Reese hospital. The baby is named Leonard Boyce Gilbert. Mrs. Gilbert was Miss Elizabeth Boyce before her marriage.

## Final Week of Opera Season Brings Out Brilliant Box Circle

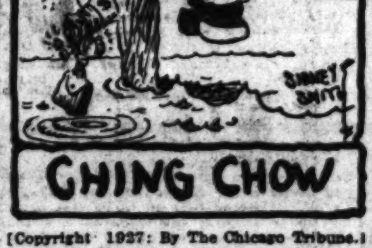

The last week of this season's opera opened last night with a brilliant box circle. The inroads in society's ranks, made by the winter vacationers could not be detected, for those who have departed for other places had given their boxes to groups of friends.

Mr. and Mrs. Thomas W. Hinde had with them, their daughter, Miss Sarah Hinde, Miss Helen Johnson, Walter Escheridge, and Henry Peters of Paris. The William M. Burton also had a Parisian guest, W. T. Deane. Miss Gertrude McCarthy was with them, too. The Joseph T. Ryersons, Dr. and Mrs. Edwin W. Ryerson, and Mr. and Mrs. Edward J. Ryerson Jr. were in the box shared by Edward L. Ryerson Jr. and his father. With Edith Cummings in the Mark W. Cummings and A. B. Dick box were Mr. and Mrs. Howard Linn, Mr. and Mrs. William E. Clow Jr., and Albin Polasek.

In the Charles G. Dawes box were Mr. and Mrs. Melvin Ericson, Mr. and Mrs. Neil Watson, and Mr. and Mrs. Pearing Morris. The John F. L. Curries who with their daughter, Miss Dorothy Currie, have gone to Nassau in the Bahamas, were not in the box they share with the Franklin P. Smiths, but Mr. Smith was present with D. F. Kelly, Mrs. H. H. Shu-

feld, and Mr. and Mrs. H. C. Durand as his guests.  
Mr. and Mrs. Leslie Gordon, Mr. and Mrs. Charles Frey, and Mr. and Mrs. Frank Barabach, were occupants of another box, as were Mrs. George T. Buckingham and Mr. and Mrs. Edward M. Holloway.

Henry Monroe, Mrs. Fletcher M. Durand, and Mrs. William J. Calhoun were with Mr. and Mrs. William S. Monroe. Mrs. Charles H. Chadwick had with her Mr. and Mrs. Francis R. Dickinson, Mr. and Mrs. Edwin H. Clark, and Edward H. Bennett. Others on the main floor and in the

## Napoleon's Own Copy of 'Werther' on View

Napoleon's own well-worn copy of Goethe's "Werther," with the coat of arms on the brown cloth binding and the tracing of a cross, when turned down the corner of the page at the passage where Werther commits suicide, is one of the outstanding features of the exhibit of rare books, illuminated manuscripts and early miniatures which Dr. Maurice L. Ettinghausen of London has on view all this week in Walter Hill's room, 35 East Washington street.

## Extremely Practical Is This Snow Outfit

by Corinne Lewis

NEW YORK.—(Special Correspondence.)—With the compliments of the ski-son! Here you are—a snappy little skiing costume with all its complementary accessories for your entrance into the world of winter sports. Even should that entrance be heading you to long trousers and medium long single breasted jacket are executed in a heavy shadings of navy blue. Red leather lines the jacket, fashions the buckle of the belt and trims the large patch pockets. Underneath the coat is worn a woolen sweater of matching blue with red stripes. Red tops to the woolen lining of the shoes and a belt in the same shade complete this, practical and attractive outfit.

Experts in what to wear to decorate the snow scene are explicit about the proper material for snow sports. It must be smooth, they say, in order not to catch the snow, and it therefore more practical than woolly stuffs which are hard to brush. Of course, the skiing problem is quite different. In the first place, you are not supposed to fall after you reach your "teens," and in the second place the smartest resorts do not advocate trousers for skiing. Flannel skirts are the rule.

For other skiing or skating the separate leather coat, soft, pliant and executed in diverse shades, is quite the rage. Often it is fur lined and always neatly finished. Such a coat could be substituted for the matching jacket shown in today's model. Remember, also, in planning this costume that palette may be had in a wide range of lovely colors—blue, canary yellow, and several tones of green.

There is a prospectus, too, of the "Catalogue of Early Portuguese Books" which King Manuel of Portugal is now preparing, and for the first copy of which King George of England has already paid 25 pounds.

"King Manuel," said Dr. Ettinghausen yesterday, "is a great bibliophile. He is a profound student, a hard worker. I see him often, working eight, ten hours a day."

Another part of the exhibit which yesterday attracted considerable attention is a quintet of Horace Walpole's original letters to Madame D. Defand. Written in January, 1775, they are full of references to the American political situation.

There is a prospectus, too, of the "Catalogue of Early Portuguese Books" which King Manuel of Portugal is now preparing, and for the first copy of which King George of England has already paid 25 pounds.

"King Manuel," said Dr. Ettinghausen yesterday, "is a great bibliophile. He is a profound student, a hard worker. I see him often, working eight, ten hours a day."

Another part of the exhibit which yesterday attracted considerable attention is a quintet of Horace Walpole's original letters to Madame D. Defand. Written in January, 1775, they are full of references to the American political situation.

## Here Are Methods for Keeping Blonde Tresses Golden

There is a blonde type to me more irresistibly lovely than all the rest of the women who come under the "preferred" classification. She is the platinum blonde. And when she has been endowed, additionally, with eyes of violet hue and the pastel coloring extends to skin and color she chooses for her dress, she is the real dream girl, if there be such.

She is rare. There are thousands of blondes with gold in their hair, and as many with red, and quite as many again with the yellow of corn, sometimes real and sometimes created with the aid of a well known bleaching ingredient—but the platinum blonde maintains her supremacy by her rarity. I know one of her who has a dusky shading that was not there before. Sometimes they erroneously resort to strong sodas, ammonia, borax to keep the color alive and defeat the beauty of their locks by extracting the natural oils.

The egg shampoos, with the use of whites only, are recommended as preservative agents of reputation. A dash of salts of tartar added to the last rinsing water, as well as the old reliable juice of a lemon, are about the best known aids to the preservation of natural blonde color. Camellian oil, too, is another popular last rinse for natural blonde.

One of the beautiful Hollywood brunettes told me her favorite hair shampoo was made with the yolks of eggs. She started on this when a hair specialist told her she needed a "hair color." As the yolks contain sulphur and iron, she decided on the specialist's suggestion that they might just as well shampoo while they were tending the hair. For a year she claimed not to have used any other shampoo and also claimed to see an improvement in the glint of her hair.

G. H. B.: THE GALAD DRESSINGS you mention—mayonaisse, Russian, and Thousand Island—are fattening. Whipped cream used on fruit salads is also fattening. French dressing is the best bet for any one reducing. Then you must avoid rich gravies, fat meats and all rich desserts. Fruit makes an excellent dessert, but don't load it up with cream.

MISS J. P.: YOU CANNOT reduce the chestbones, but you can reduce their prominence by building up the face around them. Unless hollow cheeks are due to loss of teeth and the spaces have not been filled in by bridgework, the way to fill them out is to increase your weight generally—the face taking on its proportional share of the development. Eat plenty of fattening food and get sufficient rest and fresh air.

W. H.: DATES AND FIGS ARE fattening if indulged in to any extent. Four large dates have a caloric value of 100 calories, and one large fig fifty calories. Not such a good substitute for candy, is it? Nor are nuts the answer. They are fattening also. Just eliminate the candy and don't try to substitute.
